Frequently Asked Questions

How do I register my unit?

We are using Black Pug software for Summer Camp this year! Once you log in, you will see the choice to select an event on the right hand side. When you click on that event and **Add Event Registration**, it will open a pop-up. If you have any trouble, visit www.bwc-bsa.org/black-pug-software. This is a helpful online user manual that is complete with pictures. If you're still stuck, call or email Justin Hayes for help! 205-554-1680 or justin.hayes@scouting.org

Can I pay online?

No not at this time!

How do I pay for summer camp?

You can make payments through the Council Office.

What can my Scouts do at resident camp?

Resident camp is a unique opportunity for Scouts at every level to become more responsible and independent. All Scouts attending camp at Camp Horne have access to our aquatics facilities (based on ability), shooting sports complex, chapel, field games, gaga ball, human foosball, fishing, and much more!

Where do we stay?

All units stay in campsites. Some Scouts will stay in tents. Campsites are complete with flushing toilets and hot water.

Are there any hidden costs?

Many camps charge for activities. At Camp Horne, we pride ourselves on the fact that when you register for one of our programs, you have access to everything we offer. The only additional costs you should run into are snacks and souvenirs at the trading post! For 2022 Summer Camp we are adding a small fee for program area usage.

Do I have to stay the whole time?

No. Many units rotate adults. As long as your unit meets the ratio at all times, you may rotate.

Where can I find a packing list or other helpful information for my Scouts and families?

Our Information and Planning Guides (formerly called Leader's Guides) are designed to be used by unit leaders, Scouts, and families alike. We encourage you to share this document with everyone in your unit so they can best prepare for a fantastic summer at camp! As the documents are very large, sharing the links on the opposite page is the easiest way to share this information.
