

Welcome to Mom-n-Cub Camp 2023! We are very excited that you and your Cub Scout are coming to camp. The Lords and Ladies (Camp Staff) are looking forward to a weekend of fun and adventure. This contains the highlights for what to expect at camp. Two weeks before camp starts, you will receive a longer detailed email with additional information. And about 5 days before camp, you will be updated about your sleeping locations.

There is a Mom and Cub Zoom information night on **April 23, 2023**, 8:30 - 9:30 p.m. There will be a short presentation, then a Q & A opportunity for general camp questions. The presentation information is included in the detailed email to all registered campers. A reminder link will be sent the morning of the meeting.

While at camp, you will be assigned a Camp Den. Packs are always grouped together in campsites and Camp Dens; however, most Camp Dens are a combination of Scouts Packs.

Check-In

Health Protocols

We encourage families Covid test before coming to camp, but you are not required to provide proof at registration. If you are not feeling well, please stay home, and email to let us know you are not attending. Masks are not required, but always welcome.

Camp Check-In

Each family must physically check in at the dining hall's Mom and Cub camp office. You will turn in your Forms, and receive your specific sleeping assignments at that time. Please do not send friends from the same pack to check-in for you.

Driving to Camp

When driving to camp, carpooling is highly encouraged as Camp Royaneh has limited parking. There is no driving and dropping off gear at campsites. Pack wisely, as you will carry your camping gear to your campsite. If there any known traffic or road concerns an email will be sent out by Friday noon. The follow up email will include maps to camp.

Electric Vehicles

There are no vehicle charging station at camp

Closest public charger is 30 minutes away in Guerneville

Bring Physical Vehicle Keys

Cell phone door locks do not work in the camp parking area. (No Internet/Cell Signal).

Accommodations:

The camp offers rustic sleeping accommodations. All sleeping locations are without electricity. Regardless of your site, you will want to bring at least a sleeping mat, a warm sleeping bag, and an extra blanket. Some families also like to bring a 2-person tent, but that is optional. Small sleeping buddies (stuffed animals) are welcome. You will receive more detailed information about your sleeping location approximately a week before camp. The camp has 2 shower houses with individual shower rooms and flushing toilets.

Campfires in Campsites:

The email that is sent about sleeping locations will also confirm if unit campfires are permitted.

Meals:

Camp provides meals. We can accommodate some common dietary needs: Vegetarian, no specific meat, nut allergies and gluten free. However, our kitchen is one large room. We don't have separate rooms for making specialty meals. So if you have extreme food sensitivities and wish to bring up food that may be microwaved, you may do so. Please have it in a clearly labeled container. Kitchen staff can store food for you, but please do not walk in the kitchen to help yourself. Ask for assistance at the kitchen door in the dining hall.

No electric kettles/ or electronic cooking devices in camp, and no camper use of kitchen equipment.. There is 24-hour availability for hot water at the coffee machines. Adults only at the coffee/hot water station in the dining hall. This guideline is consistent for summer camp.

Snacks:

Camp does not provide formal snacks breaks between meals. You may bring your own or purchase them at the Trading Post. Please do not keep food in your tents. They will become snacks for the local wildlife—deer, raccoons, squirrels, etc. Please store them in the camp kitchen. When you check in food you will be provided with a “tag and clip” This numbered tag allows our kitchen staff to access your food quickly.
