

# ADVANCEMENT

## PLANNING FOR MERIT BADGES AT CAMP

Please review the Merit Badge list to see which merit badges are available at Camp Tahquitz. Please note any suggested preparations that should be accomplished before coming to camp, as well as suggestions for the general age and ability level of each badge.

### MERIT BADGES AND THE SCOUTMASTER

As a Scoutmaster, you play a key role in helping Scouts plan a memorable week at camp. While the Scouts should be able to plan their own activities, you can help them by counseling their choices.

Here are a few items that you may want to remember as you help your scouts plan their program:

1. Consider the Scout's age, maturity, and skill level when looking at a merit badge.
2. Preparation ahead of time is a must! Some merit badges have requirements that are difficult to complete during a week at camp. Consider completing those before arrival for your week at camp (see "Suggested Preparation" handout in our online registration system: <https://www.scoutingevent.com/032-camp2022>).
3. It is generally not wise for a scout, especially a young scout, to work on more than two or three merit badges for one week.
4. Consider the distance between program areas. To go between the most distant program areas may require a 20-minute walk. Please see suggested times at the end of this section for planning how far apart the program areas are.
5. Upon check-out at the end of your week at camp, "blue cards" will be provided for each scout. If any requirements are not completed, the card will be a "partial". The scout can use that card to complete the remaining requirements when they are back at home.

## WAYS TO EARN MERIT BADGES AT TAHQUITZ

### FORMAL CLASS SESSIONS

Many scouts are not familiar with camp-related merit badges. For them, the most effective way for them to earn the merit badge requirements is through established class sessions. These take place throughout the mornings and are designed to help take a scout through the various parts of the merit badge requirements under the direction of a skilled and dedicated staff member.

Scouts will earn the merit badges by completing the requirements, not by attending all the classes.

### MENTOR BADGES

Class sessions are not required for merit badges. If your scouts are confident about the requirements, they may make an appointment directly with a program area when they arrive at camp.

While a scout may complete any badge under this process, Mentor Badges have **NO REGULAR SCHEDULED SESSIONS**, and are most appropriate for older, self-motivated scouts able to work independently.

### SUGGESTED PREPARATION (e.g., PRE-REQUISITES)

Please review the merit badge chart available at <https://www.scoutingevent.com/032-camp2022> (the online registration system). Certain merit badges have requirements that cannot be completed (or which are very difficult to complete) during a week in the mountains. If possible, have scouts complete these requirements before they arrive at camp.

### PROJECTS NEEDED FOR BADGES

Some merit badges require scouts to complete various projects (e.g., arrow kits for archery, woodcarving and basketry kits for craft badges). They can bring the material from home, or purchase kits at the camp Trading Post (If a scout uses material from home, we ask that they do not start working on the projects until they arrive at camp).

### ARCHERY/RIFLE/SHOTGUN MERIT BADGES

The shooting sports merit badges can be worked on at Camp Tahquitz, but they are **very difficult** and require a great deal of **extra practice** and a high level of **competency**. Please realize that they require the scouts to reach a minimum shooting score to complete the badge.

Shotgun Shooting merit badge requires some degree of upper body strength, as so we hope that you would discourage younger scouts from attempting this badge.

Completion of Archery requires scouts to build an arrow: they should bring an unfinished arrow to camp or buy an arrow kit at the camp's Trading Post. For a better chance at completion of any shooting sports merit badge, scouts should be prepared to spend extra time practicing their shooting skills.

**NATURE MERIT BADGE THREE-YEAR ROTATION**

Due to the large number of merit badges available at Nature, and to provide opportunities for returning scouts, we have started a rotational program for our nature merit badges. Every year we will offer sessions in core merit badges, as well as a yearly theme for related merit badges.

2022	2023	2024
<i>Theme: Earth as our Home</i>	<i>Theme: Sustainability</i>	<i>Theme: Sky &amp; Space Above</i>
Environmental Science	Environmental Science	Environmental Science
Mammals	Mammals	Mammals
Nature	Nature	Nature
Reptile/Amphibian Study	Reptile/Amphibian Study	Reptile/Amphibian Study
PLANT SCIENCE	ENERGY	ASTRONOMY
GEOLOGY	SOIL & WATER CONSERVATION	SPACE EXPLORATION
FORESTRY	FISH & WILDLIFE MANAGEMENT	WEATHER

**NATIONAL OUTDOOR AWARD**

This award, which consists of a central patch with 6 emblem segments, was designed to recognize scouts who have exemplary knowledge and experience in high-level outdoor activities.

The segments are available for Camping, Aquatics, Conservation, Hiking, Riding, and Adventure. The requirements include specific related merit badges and activities which can be earned at camp!

For specific information on the requirements, please see the National BSA website at

<https://www.scouting.org/programs/scouts-bsa/advancement-and-awards/noa/>(\*)

(\*) In addition to the merit badges and other projects, each segment requires a level of participation in related events over the scout’s career. While these cannot be completed in a week at camp, we will accept a Scoutmaster’s certification that they have been completed.

## TRAIL TO FIRST CLASS

This program is designed to help scouts earn their basic scouting skills. *All scouts must bring their Boy Scout handbook with them for each session as the staff will sign off completed requirements!*

There are three “tracks” for the trail to first class; each is designed to be flexible to meet the needs of all scouts in your troop.

### FULL INSTRUCTIONAL SESSIONS

In the morning, there are week-long instructional sessions where we will go over most of the requirements for the rank advancement. Every day will focus on a different topic. This is scheduled through <https://www.scoutingevent.com/032-camp2022>, just as a merit badge class would be scheduled.

### DROP-IN SESSIONS

The scout who only needs a few requirements to complete a rank can drop by the Outdoor Skills area in the afternoon. While there, the scout can get assistance and focus on those one or two requirements still needed for that rank.

### TROOP TRAINING

We can work with your troop so that they can help teach these rank requirements throughout the year – no need to have rank advancement limited to just summer camp!

### BOARDS OF REVIEW

One of the most vital steps in the advancement process is the Board of Review. Many troops prefer to conduct their own Boards of Review in their campsite, or when they get back home. However, the Camp Tahquitz commissioners will be available to conduct Boards of Review for any troop interested in taking advantage of this opportunity.

We strongly encourage a troop to help with these Boards of Review – this is a great opportunity for new parents and committee members to participate in a well-run Board of Review. After participating in a Board of Review with our experienced commissioner staff, they will feel confident in their own ability to conduct effective Boards of Reviews for the troop when they return home.

### RANK ADVANCEMENT RECOGNITION

At the Friday Night campfire, we will call out the names of each scout who has completed a rank advancement while at camp. Please be sure to let the Camp office know by Friday afternoon of any scout who you would like recognized at the campfire.

### TIME/DISTANCE GUIDELINES

Please use the following ONLY as a general guideline – obviously not all scouts (or scouters) walk at the same pace!

travel time, in minutes Distance, in feet Distance, in miles	Cope Shed 6396'	Commissary 6452'	Health Lodge Signs 6368'	Nature Lodge 6459'	Pool 6470'	Rifle 6273'	Scoutcraft 6484'	Shotgun 6293'	Tower shed 6386'	Trading Post 6482'
