2023 Campsite Guide
FOR SUMMER RESIDENT CAMP

About the Campsite Guide

Updated February 11, 2024

This guide is designed to be used by units to see what our campsites look like before making a selection of their preferred campsite. This guide is not a final representation of what camping with us may look like during the 2024 Season.

Camping Contact Information

Throughout the process of preparing for camp, you may need to contact individuals associated with Camp Big Horn. The following is a list of whom to contact and the best way to reach them.

Camp Director
Landon Burtchell
(213) 264-4039
landon.burtchell@scouting.org

Camp Big Horn's Website
camphuberteaton.org

Social Media Pages
[Hubert Eaton Scout Reservation Facebook](#)

Camp Phone Numbers *(Active May 23-August 7)*
Camp Office (909) 337-2121
Camp Fax (909) 337-9182

Physical Camp Address
Hubert Eaton Scout Reservation
29485 Hook Creek Road, Cedar Glen, CA 92321

Mail Service

Scouts may receive mail at Camp Big Horn from friends and family. Please encourage them to mail these things well in advance of your time at camp to ensure their arrival during your scheduled week. We recommend mailing items one (1) week prior to your arrival date.

GENERAL CAMPSITE INFORMATION

Camping has been an important pillar of the Scouting program for over 100 years. At Camp Big Horn, we're proud to offer units our state-of-the-art composite woods platforms and tents to use throughout their week at camp with us. This section will help you learn more about our campsites and policies.

→ *In This Section*

- Campsite Policies
- Campsite Tools and Facilities
- Youth Protection in Campsites
- Campsite Courtesy

Camp Big Horn has 16 campsites available to units that camp with us—each located in different parts of the valley, and are able to accommodate units of varying sizes. Campsites are assigned by the camp administration, and units will be informed of their campsite location upon checking into camp. If a unit requires additional, reasonable accommodations—such as access to our ADA Campsite—please contact the Camp Director prior to camp.

Campsite Policies

Camp Big Horn has set in place the following policies when it comes to seating units in campsites. Please take time to read this information in order to understand how we best place units in campsites. By registering your unit for camp, you acknowledge your adherence to these policies.

- **Camp Big Horn does not allow units to pre-select their campsites.** This is done to ensure that every camper has adequate housing while at camp with us. Units may list a preferred campsite in their BlackPug reservation, but that campsite is not guaranteed to the unit.
- **Camp Big Horn does not guarantee that every Adult Leader or Scout will have their own tent.** Due to campsite capacities, we will not be able to place every individual in their own tent. If a unit wishes to do so, they are able to bring their own tent.
- **Camp Big Horn requires units to submit campsite accommodation requests at least 14 days prior to their week at camp.** Units who do not communicate their accommodation requests are not guaranteed accommodations upon arrival at camp.
- **Camp Big Horn does not allow for units to change their campsite assignments upon/after arrival at camp.** Due to the number of campers we have at any given time at Camp Big Horn, we are unable to accommodate campsite changes upon arrival at camp or after arrival in camp.
- **Camp Big Horn does not guarantee that each unit will have their own campsite.** Due to the number of campers we have at any given time at Camp Bg Horn, we are not able to place units in their own campsite. It is possible that units will be sharing a campsite with another unit camping with us during the week.

Campsite Courtesy

The campsite and the camp are your troop's/unit's home during the week. Please instruct your Scouts to respect the campsites of others.

- Do not enter other campsites or tents unless invited
- Control noise, respect quiet hours, and leave other people's personal property alone
- Damage to tents and campsite equipment will be charged to the Scout troop to which the responsible person(s) belongs
- During sessions with many Scouts, it may be necessary for different troops to share the same campsite. In cases such as these, we ask for your understanding and help in maintaining a spirit of friendship and camaraderie in the campsite

Campsite Tools and Facilities

Camp Big Horn does not require units to bring certain items while they camp with us, as they are provided in each campsite. Additionally, each campsite has certain accommodations available to all campers. These include:

- Platforms and canvas tents with cots and mattresses
- Shovel, rake, broom, hose, fire extinguisher
- Bulletin board
- Picnic table
- Water, including fresh, ice-cold Igloo Coolers provided to each campsite by Camp Big Horn
- Restrooms stocked with toilet paper, soap, paper towels, and cleaning supplies; Restrooms may be shared with other campsites, and are required to be cleaned by Scouts

Youth Protection in Campsites

The Boy Scouts of America has outlined policies that are designed to prevent Scouts from being subject to abuse while participating in Scouting programs. Adult leaders—and Scouts—should be alert to the desire of others to engage in hazing—including the use of initiation programs, belt lines, paddles, or any other similar physical or verbal punishments. **Corporal punishments are also not tolerated at camp. Physical abuse, such as mishandling, pushups, and loud, abusive screaming are also not allowed as punishment for youths.**

Units camping in these campsites must adhere to the BSA's Youth Protection Policies. Policies to remember include:

- Separate tenting arrangements must be provided for male and female adults as well as for male and female youth
- Youth sharing tents must be no more than two years apart in age
- Spouses may share tents

All adults and youth should be aware that they must report any instances of Youth Protection violations to the Camp Director. For more information on the Boy Scouts of America's Youth Protection Policies, please visit [scouting.org/training/youth-protection/](https://www.scouting.org/training/youth-protection/).

Campsite Preference Selection

Units are able to select a preference for their campsite through their BlackPug account. Selecting a preference for a campsite does not guarantee that your unit will be placed in that campsite.

Choosing a Campsite

When a unit is selecting a campsite preference, there are a few things that you should keep in mind. Please make sure you read the above information to understand our campsite policies and amenities.

Special Accommodations

Camp Big Horn has one campsite, Upper Virginia City, that is ADA Compliant. This campsite has one tent that has no step to enter, and has a wheelchair accessible ramp to the Dining Hall and Quad areas. Additionally, part of the campsite rests on a concrete pad and has in-campsite power outlets. **Should a unit have a member with a reasonable accommodation that requires use of this campsite, or any other campsite accommodation, please submit an accommodation request no later than 14 days prior to your check-in date.** Accommodation requests submitted after this deadline may not be able to be met.

Restrooms

Each campsite is equipped with a KYBO Restroom. In line with the BSA's Youth Protection Guidelines, each KYBO Restroom has individual stalls with a toilet, sink, hand soap, paper towels, toilet paper, trash cans, and cleaning materials. Daily, these bathrooms are serviced by our janitorial staff. Should a campsite not have a KYBO Restroom, a portable restroom and wash station will be made available.

Most campsites have KYBO Restrooms that are shared by two campsites. Campsites that share a KYBO Restroom are noted with an orange circle in the campsite information. If a KYBO Restroom is shared, it is the responsibility of both units to share cleaning responsibilities.

Road Access

All campers are required to park their vehicles in designated areas. Only two campsites have parking available next to them (Carson City and Upper Virginia City). Drivers are able to drive their vehicles to most campsites on Sundays, Fridays, and Saturdays for loading and unloading, but vehicles and trailers may not remain in campsites with Limited Road Access (noted by an orange circle). Some campsites have no road access (noted by a red mark) due to difficulties reaching the campsite by vehicle, or the remoteness of the campsite. Units must carry their gear to the campsite from the nearest loading/unloading area.

THE CAMPSITES AT BIG HORN

Camp Big Horn has campsites unlike any other. Our state of the art composite wood platforms and porches make your week even that much more exciting. This section will show you every campsite available to units and relevant information, including tent numbers, total capacity, and other relevant information.
