If you are the kind of hiker who would like to take extended trips during winter months, you should try cross country skiing or snow shoeing. Enjoy the challenge of high country winter travel with confidence. Learn firsthand knowledge of safety and techniques. This will allow you to expand your “places to go” during the snow season.

The program will include demonstrations and discussions covering the special equipment and gear needed. A syllabus that covers the materials discussed will be given to each participant.

Completion of this training is recognized by the award of two special patches.
