## Tips For Camporee Success

### LEADERS PERFORMANCE

As with all Scout events, the object of the event is to give the youth of the district the opportunity to use the Scouts and Leadership skills we teach them. So as leaders, we are asking you to let them do just that. We are asking you to let them participate in the events without interference. Please understand that the leaders who are scoring the events are volunteers and human beings, as you are, subject to human conflict, and they deserve the respect of their appointed tasks. The camporee committee has worked hard to make the events fair and equitable for all participants. If you have a problem with an event leader, we ask that you bring it to the attention of the camporee chairperson and not conflict with the event leader.

We ask that you also get involved in the planning process and join the committee. There's nothing more enjoyable than a well-planned camporee, and the more leaders involved, the better the event is. Each leader who gets involved has fun and gets the appreciation of the youth of the district for taking the time to think of their welfare.

The camporee committee is asking all the leaders of the Rose Bowl District at camporee to stake the following Leaders' Pledge of Performance:

- We will use trucks only for transporting equipment, no passengers except in the cab.
- We agree to enforce reasonable travel speed (in accordance with State and local laws) in all motor vehicles on route to and in camp.
- We will always be a credit to Scouting America, and we will not tolerate rowdy behavior, horseplay, or un-Scoutlike conduct, keeping a constant check on all members of our party.
- We will respect the property of others and not trespass.
- We will maintain high standards of personal cleanliness and orderliness and will operate a clean and sanitary camp, leaving it in better condition than we found it.
- We will not bury any trash, garbage, or recyclables. All rubbish will be placed in a trash bag and taken to the nearest recognized trash disposal, or all the way home if necessary.
- We will ensure that fires are attended to at all times.
- We will not cut trees or shrubs without specific permission from the landowner or manager.
- We will not expect any special concessions.
- **We will live by example by adhering to the Scout Oath, Law, and Outdoor Code.**

# 2025 Rose Bowl Camporee - **THE SCOUTING GAMES**

**Cooking:** Scouts should be concerned with cleanliness as well as cooking ability. This includes clean Scouts as well as a clean prep area. Cooks should clean up as they go, not letting used or dirty items pile up.

Plan your menu, post it, and stick to it. For breakfast, lunch, and dinner at Camporee, cook something you've cooked before and keep it simple.

When meal planning, be sure to include all four food groups in your menu:

1. Meat / Protein
2. Dairy (Eggs, Cheese, Milk)
3. Fruit / Vegetable
4. Bread / Rice / Pasta

Each Patrol eats together at the same time.

**Cleaning:** When ready to wash dishes, heat clean water in a clean pot. Pour that water into two plastic tubs. Use one tub for washing with soap, and the other for rinsing. All dishwater (Grey Water) should be disposed of in the sump area or scattered. **No dishes should be washed in the camp sinks, water faucets, drinking fountains, or toilets!! No waste should be disposed of in sinks or toilets.**

Scrape uneaten food off the plates into your trash container before you wash them. Lay out a clean trash bag to drain your clean dishes and utensils. Finish drying them with a clean dish towel and put them away. Wipe off tables and food prep areas.

Remember to be Bear Aware! Food waste should be put in trash bags at the campsite. Store uneaten food in zipper bags and then in coolers. All food and trash should be locked in vehicles for the night.

**Campsite Duty Roster(s):** Post the patrol menu and duty roster. All duties should be rotated, so everyone gets to learn. Every patrol member should be clear about their responsibilities. Once the duty roster is posted, do not try to re-negotiate your duties. Everyone pitches in and does their share. Remember, **Cooperation and Teamwork!**

**Campsite Layout:** Patrol tents should be laid out in an organized fashion. Making it easy for judges to identify each patrol in the campsite. If rain flies are used, they should be attached properly. All tents should have ground cloths with them rolled under. Stuff sacks should be stowed in the inside tent pockets.

The tent/cooking area should have 2 (two) fire buckets per Patrol, one of sand and one of water, or a fire extinguisher per patrol.

## 2025 Rose Bowl Camporee - **THE SCOUTING GAMES**

Store personal gear neatly inside tents with the tent zipped. Roll up sleeping\_bags during the day and stow your extra clothes and other\_personal items when not in use. Store all Patrol gear neatly.

Cooking equipment and coolers should be closed, clean, and organized by patrol. Each unit should have an easily accessible, clearly marked First Aid kit.

### **Food Prep and Management:**

- Menus should be planned keeping the Big 8 Food Allergies in mind (Milk, Soy, Eggs, Wheat, Shellfish, Tree nuts, Peanuts, Sesame)
- Garbage must be stored so wildlife cannot get to it, and it must be locked in vehicles overnight and packed out of camp when leaving. No trash should be disposed of at Trask.
- Promote the use of soap, water, and hand sanitizer during the day and especially before preparing food.
- Keep daytime temperatures in mind when packing coolers. The food danger zone is between 40°-140°.

**Good Luck, and may the odds be ever in your favor!**
