

Hello Scouters,

Welcome to the Saddleback District Introduction to Outdoor Leader Skills (IOLS) and Baloo training. We are glad you are here and hope that you will find your training experience to be fun and educational.

We will be sending you additional information in the coming weeks. Please be aware that camping overnight is a requirement for this course. If you are unable to spend the night in camp, you will not be able to receive credit for this course.

Scouting America Field Uniforms are required and encouraged for this course. Hopefully this is your first step on an exciting journey as an Adult Scouting Leader. The more adults in uniform, the stronger program the Pack and Troop can deliver. Plan to wear your activity uniform underneath as we will be able to transition during the course.

Welcome again to Saddleback IOLS and Baloo. The training staff looks forward to meeting all of you and facilitating a fun and educational weekend. See you on February 21 at Oso Lake.

Please reach out if you have any questions and additional information will be coming out soon.

Yours in Scouting,

Tracy Holland

Course Director, IOLS/Baloo
