

FAMILY AQUATICS & STEM ADVENTURE DAY

Saturday, May 4th | 9am-12:15pm
\$30 per child (6+) & \$15 per parent

Join us for a half day event with three of our most popular activities! Enjoy kayaking, dissection art lab and our plankton microscope lab. Bring the entire family and enjoy the outdoors safely. Experience a taste of our weekday hands-on workshops!

Activity Highlights

- Three 45-Minute Activity Stations:
 - Kayaking
 - Learn 4 fundamental strokes, parts of boat & paddle, and play wacky team games on the water
 - Dissection Art Lab
 - Hands-on squid dissection & ink art project
 - Plankton Microscope Lab
 - At the outdoor marine science lab, your group will utilize underwater cameras, microscopes and plankton nets to find moon jellies, diatoms and more!
- 16 participants maximum per station
 - Friends and family request will be honored as best as possible. Your group may pair up with other people potentially depending on the group size and dynamics on stations like the dock life lab.
- All equipment & life jackets to be provided
- Supervision is provided for all; youth can attend solo Parent
- Info Booth available for summer and school year information.
- Limited Free parking available in the NSB lot, along West Coast Highway, more parking in the Avon Street lot.

Newport Sea Base
1931 West Coast Highway, Newport Beach, CA 92663
