

**Welcome to Camp Hi-Sierra!**  
**We will start in a few minutes**

A night photograph of a campsite. In the foreground, a red neon sign spells out "CAMP HI-SIERRA" in a hand-drawn, blocky font. The sign is illuminated against the dark background. Behind the sign, a dense line of dark evergreen trees stretches across the frame. Above the trees, the night sky is visible, showing a few stars and some wispy clouds. On the right side of the image, there are some blurred light sources, possibly from a campfire or a vehicle's lights.

# Safety Moment

## Importance of healthy living at camp

- Covid maybe be over but ensure that your scouts are healthy before camp
- Check in with each Scout before leaving your departure point for the common cold, fever and stomach challenges
- Better that your Scout comes later
  - Scouts can attend the same summer as a provisional if they were sick upon departure and stayed home

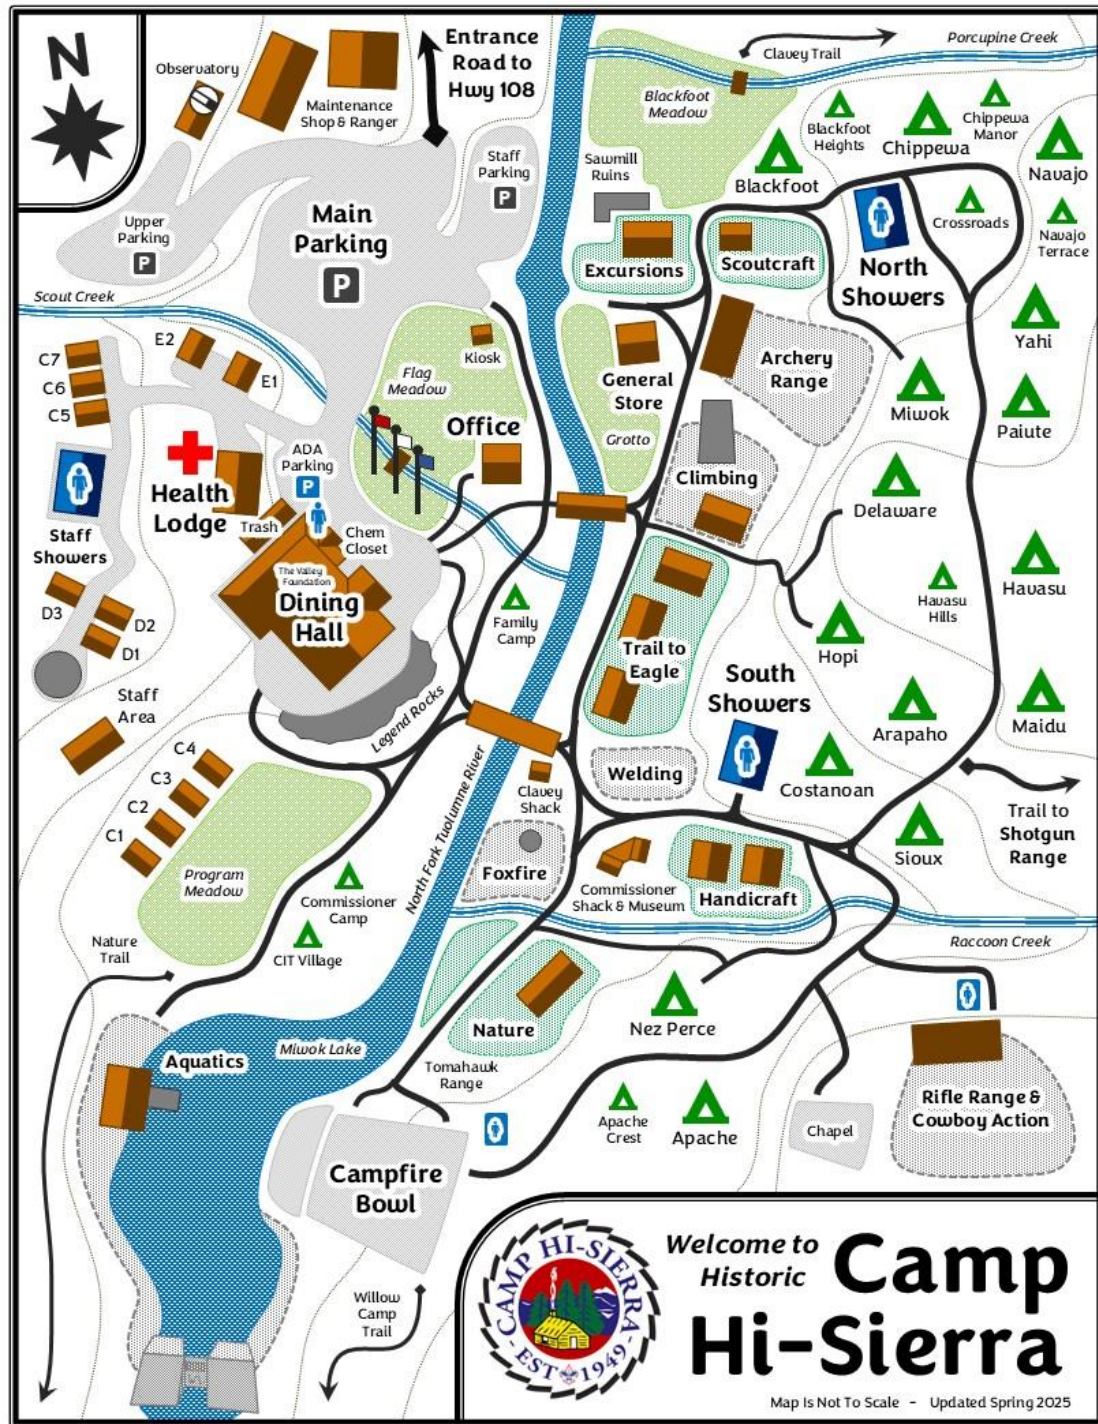

Prepared. For Life.®

# Geography

- Program Areas are flat & close.
- Campsites are hilly.
- Most areas 5 min. apart at most.
