**Are there requirements? Yes.**

**This is Advanced Leadership Training so there are a few:**

- Be a currently registered Scouter.
- Complete Leader Basic Training for your primary registered position.

The course is limited to 48 participants and is filled on a first come, first served basis. It provides dedicated Scouters with the concepts, tools, and methods needed to be effective leaders. Wood Badge creates a structured opportunity to develop and apply critical leadership skills. The leadership skills will not only help you in Scouting but also in your career and your family life. Leadership is a skill that is used everywhere, on a daily basis.

The purpose of Wood Badge is simple. It gives men and women knowledge to strengthen the entire Scouting program from Cub Scouts to Venturing. Attending Wood Badge will make your Scouting job easier. Attendees gain an in-depth understanding of the skills of leadership. The skills you learn will help you become a more effective leader in Scouting, your career, your family, and your community life.

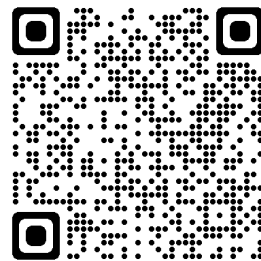

**Who should attend Wood Badge?** Scouters who are seeking to continue to improve their knowledge, skills and ability to lead Scouts and other adults to accomplish common goals.

**What can you expect from the Wood Badge course?** The mission of Wood Badge is to inspire and prepare adults to achieve the mission and aims of the BSA through premier leadership training that sets the example for youth empowerment that will benefit the world.

Wood Badge focuses on 14 key competencies of effective leaders. It leverages decades of the Boy Scouts of America's experience, knowledge, and expertise in working with millions of leaders and youth for more than a century. These traits, along with Scouting's mission to prepare young people to make ethical and moral choices over their lifetimes, overarch everything we do in Scouting, giving value to everyone, no matter our differences, and helping people, young and old, develop their full potential.
