

This is a timed event. Each patrol's time starts at the start of a task and ends upon completion. There is no time added for traveling. So no need to run to next country.

Ribbons will be rewarded to the patrols with the fastest times to complete each country. Awards for the fastest overall patrols as well.

I believe in teamwork and communication. These play a big part in The Amazing Race and in completing your tasks as well.

**We will provide you with all the necessary items to complete each task.
You will need your 10 essentials.**
