Women Rising to the Challenge

JOIN US VIRTUALLY: DECEMBER 6, 2020 6:30 P.M.

Our Mission:

We want to make our support known to the people who are serving during this pandemic. We want to honor and acknowledge the fact that essential workers are still finding the courage to continue, thereby sustaining our lives.

These women are providing services, taking risks, for all of us. They are brave. The truth is that they have, at some level, looked fear in the eye, and chosen to be of service to something more valuable than fear... they ALL have chosen to care. They have chosen to love. They have chosen to provide hope. We honor them for that.

Their commitment is heroic. How can we say "Thank you" for their courage, their bravery, their creativity and their extraordinary commitment in a way that truly honors what they doing in order to serve us? Inclusion in this video and publication will show our support.

As a statement of honor and appreciation we are designing a virtual event, and a publication; to honor the open-hearted nature of these courageous people serving us right now. We envision acknowledging our doctors, nurses, emergency medical personal, firemen, police, postal workers, grocery clerks, mothers, sisters, scout leaders, scouts, a friend, family member, or employee for their courage and commitment. Women, young and old, from many areas of life. The list is endless.

We hope you join us!

ONLINE AUCTION

NOVEMBER 15 -

DECEMBER 6
