

**WOODS WEEKEND 2025**  
**CAMPSITE ORIENTATION UPDATE**

The field we are using for Woods Weekend was not mowed in time for the porta john delivery, so I had to punt.

Please rotate all of your maps 90 degrees counter clockwise on the world maps provided.

I am providing a new Event and Campsite assignment file, but I see no need to reprint the other maps --- should not be a challenge for a Scout!
