THE DEGREE PROCESS

General Degree Guidelines

- A scouter who attends the University of Scouting is strongly encouraged to pursue a degree. You may take courses from any College at any level and from the list of course listings. To attain a degree in one of the Colleges, however, the requirements outlined below must be met. Note: no degrees are conferred by the College of General Studies.
- The course levels (*Level 100, Level 200, etc.*) of all Colleges are shown to identify the complexity of the course. Generally, we recommend that students take Level 100 courses before Level 200 courses and Level 300 courses before Level 400 courses, etc. because courses are logically more sophisticated, progressive and/or specialized as the level increases. However, we leave it to each scouter to determine what courses to take at any level.
- Coursework may not be credited towards more than one degree at the same time.
- The College Dean is the approving authority for conferring degrees. Please contact the Dean if there are any questions on degree requirements.

Bachelor's Degree: To earn a Bachelor's degree in a College, do all the following:

- At least three of these additional courses *must* be in the same College as the Bachelor's degree. The remaining three courses may be from any College (including the College of General Studies).

Doctorate Coursework Completed: To complete the Doctorate coursework in a College, do all the following:

- *It is the responsibility of a Doctoral candidate to contact their Dean personally immediately following the completion of the coursework (**no later than September 30, 2026**) to be added into the teaching plans for the next University of Scouting. No exceptions.*
- Those seeking a Doctorate in the College of Cub Scouting should attend Cub College's doctoral candidate orientation course CUB901 the year prior to serving in a teaching role.
- As of 2027, the University requires all its PhD candidates to attend Fundamentals of Training (Parts 1 and 2) prior to being awarded the PhD (consult the Council calendar for availability). If you need information on the details of this course, please ask your college dean.

COLLEGE OF CUB SCOUTING

2026 NCAC University of Scouting

Before you read the Cub College course listings, we'd like to explain a little bit about the nature and perspective of Cub College courses. Often, supplemental training classes are presented from a mechanical perspective, in that its focus is to give you the immediate "how-to" practical knowledge necessary for running meaningful, successful, fun, and exciting den and pack meetings, and outings, while making the best and most efficient use of your time, talents, and energies. The University of Scouting Cub College differs in that it has not a mechanical, but a philosophical perspective. To appreciate this philosophical perspective, think of the Cub College as akin to an experienced hiker taking periodic compass bearings in the woods. He might have all of the right gear in his pack, he might have acquired all of the knowledge needed to hike and camp in the woods, his walking techniques might be optimized to conserve energy, but none of that really matters if he is walking in the wrong direction. In Cub College classes, we offer insight into the direction of your "travels" through the Cub Scout program. What are you as a Den Leader, a Cubmaster, or a Committee Member, trying to achieve in the Cub Scouts in your charge? How can you understand your growing Cub Scouts as they advance in rank, so you can meet their needs? How have others tailored their Cub Scout programs to meet Scouting's overall goals and objectives? How do you know when your program is succeeding, or when you need to adjust to make the Cub Scouting experience better and more meaningful? Answers to these questions – and many more – can be found here in the Cub College!

In addition to Council-wide events, Districts offer monthly Cub Scout leader Roundtables as well as more specific, targeted training sessions such as BALOO, in addition to Cub Scout Leader-Specific Training. You, the Cub Scout leader, should take advantage of all training options available to you – they offer you immediate help, answers to questions, ideas, additional capabilities, networking opportunities, and a broadening perspective.

So again, welcome! Please read over the course descriptions, select those classes of most value and interest to you, and we look forward to seeing you at the University!

COLLEGE OF CUB SCOUTING

2026 NCAC University of Scouting

COURSE LISTINGS

100-level courses in the Cub College are fundamental courses addressing the nature of the Cub Scout and den and pack program planning and operation. These courses provide information useful to all Cub Scout leaders regardless of experience.

200-level courses address more specialized topics, including topics concerned with committee operations as well as den and pack activities, providing guidance and context for Cubmasters, Den Leaders, and Committee Members, as well as expounding further on topics initially addressed in 100-level courses.

300-level courses concern management of the pack program to meet Cub Scouting objectives, evolution of Cub Scouting principles, further considerations regarding the nature of Cub Scouts and Cub Scout needs, and specialized topics illuminating the purpose and direction of the Cub Scout program.

400-level courses focus on quality trained leadership, program delivery, and program evaluation to provide the best possible Cub Scout experience.

The levels are not intended to correspond to a registrant's year of attendance in the Cub College, but rather to provide general guidance as to likely interest based on a Cub Scouter's position, level of experience, and training needs. For all Cub Scouters new to the Cub College, we strongly recommend you consider taking 100-level courses such as CUB101 in your first year. These courses will give you an excellent working knowledge of the Cub Scout program and how to work with Cub Scout-age youth.

LEVEL 100 COURSES

CUB100 **The Cub Scout Within You:** Come rediscover the Cub Scout in you and allow yourself to have fun as a leader. Learn why you should become a Scouting evangelist and how to summon the creative powers within you – all to make a difference in the life of a Cub Scout – and yourself. Please be prepared to check your adult self at the door!

CUB101 **Through the Eyes of Youth – the Perspective of a Growing Cub Scout:** This course takes an in-depth look at youth, including their ages-and-stages, with the aim of building a better program through an increased awareness of characteristics, motivators, interests, and needs of the growing Cub Scout. We will talk about their sense of exploration and discovery, their love of adventure and excitement, and their desire for recognition. This course is for all leaders who work directly with youth.

CUB104 **Recruiting and Retaining Cub Scout Leaders:** Recruiting and retaining Cub Scout leaders is vital to improving the quality and diversity of the program and growing the pack. Yet recruiting is more challenging than ever. This course will offer useful recruiting ideas and techniques for finding potential leadership talent, and for approaching and cultivating prospective volunteers. We'll cover quality leadership retention, including the importance of communicating, recognizing, and rewarding successful adult leaders.

- CUB121 **Mistakes Packs Make and How to Avoid Them:** Learning from mistakes is the only way to grow as a leader and as a pack. Gain from the experiences of others to help you build and improve upon your program at the pack or den level. We will talk through commonly encountered dilemmas and missteps and explore strategies for avoiding and correcting them.
- CUB125 **Den Leadership and Program Planning Principles:** Planning is the key to success in any venture. We'll discuss scheduling, organizing, and budgeting den activities that support and build character, citizenship, and fitness, helping your Cub Scouts progress toward rank advancement while having fun! We'll stress the importance of working in concert with the Cubmaster, the committee, and the families, effectively sharing leadership to improve program quality. Crafting a well-planned agenda, managing Cub Scout behavior, engaging parents, and finding creative projects consistent with ages-and-stages are vital responsibilities for the successful Den Leader.
- CUB133 **Family Involvement in Cub Scouting:** Cub Scouting is a family-centered program. At all ranks, Cub adventures include requirements met not in the den or pack but at home. Active and engaged parent participation boosts delivery of an effective Cub Scout program, promotes Cub Scout retention and advancement, and reinforces Scouting goals and ideals. We will cover the nature and extent of family participation and how to best encourage families to become involved, while recognizing limitations and constraints.
- CUB185 **The Den Chief Role Model:** The very best role model for Cub Scouts is a Den Chief, because Cub Scouts want to become just like them! Learn how and why the Den Chief is a vital resource to the Den Leader, while at the same time becoming a strong leader and the very best recruiter for his/her troop. We will discuss Den Chief responsibilities, the Den Leader as a mentor to the Den Chief, the responsibility of the troop to work as a partner with the pack, and the importance of communication and training. *This course counts as either College of Cub Scouting or College of Scouts BSA credit toward University of Scouting degrees.*
- CUB192 **Worthy of Note – Cub Scout Songs and Singing:** Cub Scouts and singing have always gone together! Singing builds pack and den spirit, makes everyone feel welcome, allows Cub Scouts to have fun expressing themselves, and drives home Scouting virtues and camaraderie in a meaningful way. This course will explore the fun and importance of singing, how to select the right song for the occasion, and how to lead a song with confidence even if your singing voice is not exactly pitch-perfect!
- CUB195 **The Transition to Scouts BSA:** The Cub Scout program is an adult-leader led, family- and community-centered program for youth in grades K through 5. The Scouts BSA program is a Scout-led, outdoor-centered program for youth in grades 5 through 12. The transition between these two programs is rarely seamless, as Arrow of Light Scouts graduating into troops often face difficulty adjusting to the Scouts BSA program, the outdoor camping experience, the imperfections of youth leadership, and the self-reliance and initiative now expected of them. In the Cub Scout program, there is much for a Cub Scout to learn about character and virtue: friendliness, helpfulness, and cooperation. But Scouts BSA offers a new challenge and a changing emphasis on character development: an outdoor-centered leadership program that instills additional virtues such as self-reliance, perseverance, obedience, and cheerfulness under pressure. This course will examine the differences between the adult-led Cub Scout program, with emphasis on the Arrow of Light transition year, and the youth-led Scouts BSA program. The course will provide ideas and recommendations to best prepare the graduating Arrow of Light Scout, and their parents, for the upcoming adventure of Scouts BSA.

LEVEL 200 COURSES

- CUB201 **Cub Scout Environmental Science and Conservation:** A commitment to environmental stewardship is part of a Cub Scout's duty to country and promise to help others. Learn how to teach your Cub Scouts about conservation through proper management of natural resources. Also, find out about conservation and environmental recognitions, including the Champions for Nature Adventure at each rank, the Conservation Good Turn, the Scout Ranger, and the Messenger of Peace, and how Cub Scouts can earn them.
- CUB206 **Cub Scouting with Special Needs:** This course will address how to deliver a safe, fun, meaningful, and exciting den and pack program to Cub Scouts with special needs. Communication, understanding, and patience are the keys to interactions and developing relationships.
- CUB207 **The Annual Program Planning Conference:** Cub Scouting is fun with a purpose in character development, citizenship, and personal fitness. But the fun requires volunteers, leaders, training, resources, funding, creative ideas, and above all, planning. The most vital planning step is the annual program planning conference. The conference requires the pack's committee, uniformed leaders, and Chartered Organization Representative to work cooperatively to shape the program. This course will explore both the logistics and the goals of the conference, and how to ensure success. Among the topics covered will be event brainstorming, identifying volunteers, delegating assignments, meeting and event venues, needs assessment, budget preparation, fees, master schedule, fundraising, pack policies and practices review, communications, publicity, recruitment, and more.
- CUB208 **Fundraising for Cub Scout Packs:** Cub Scout packs raise funds to meet the pack's operating expenses, enabling the pack to be self-sufficient, and demonstrate to Scouts the importance of earning one's own way, while keeping fundraising in proper perspective. This course will cover how to manage your pack's fundraising program. Along the way, we'll explore all aspects of fundraising and offer suggestions for making your pack fundraiser a success. This course will cover how fundraising relates to the aims of Scouting; budget analysis to set fundraising goals, product quantities, and price; pros and cons of Scouting America-sponsored fundraisers (i.e., popcorn and camp cards); the mechanics of operating a pack-level program, including organizing, scheduling, and holding fundraising events; ensuring compliance with Scouting America policies; gaining Council and chartered organization approval; finding fundraising volunteers; and preparing Cub Scouts and families to safely carry out fundraising. We will look into the various ways to sell and offer ideas and tools for maximizing sales. We will offer suggestions for working with the local community to identify promising locations to sell. And we will address advertisement, online sales, resupply, and excess product.
- CUB210 **The Committee – Financial Resources:** Packs need money to operate and grow - there's Scout Life, renewal and participation fees, insurance, Cub Scout advancement awards, event awards, leader awards ... and let's not forget the Pinewood Derby, Blue and Gold Banquet, and summer events. We will discuss pack finances for the layman and why it is important to the quality of your program for your unit to be financially healthy. We will explore budgeting, fundraising, account management, reporting, and planning and authorizing expenditures.

- CUB211 **Character Development Through Cub Scouting**: One of the main objectives of Cub Scouting is character development. We will examine the nature and quality of good character and emphasize the importance of practicing the virtues embedded in Scout Oath and Scout Law as Cub Scouts grow and learn. We will offer practical suggestions to help Cub Scouts improve their character.
- CUB212 **A Cub Scout's Duty to God**: A Cub Scout's duty to God is the motivation and guide for his or her character development. We will consider why duty to God is a cornerstone of Scouting and discuss ways to encourage duty to God, including through use of the religious emblems program.
- CUB214 **The Intersection of Cub Scouting and Faith – How It Works**: Scouting America maintains no person can grow to be the best kind of citizen without recognizing his or her obligation to God. For those with spiritual beliefs but without a religious affiliation, a religious advisor, and/or a place of worship, questions abound as to the implications of this assertion. Inclusion starts with understanding that everyone with belief is on a personal journey of spiritual exploration and growth. This course will discuss how packs can help provide answers for families and offer guidance as to how best to participate in the faith aspects of the Cub Scout program. We will discuss Scouting America policies, privileges granted religious chartered organizations to include faith elements, religious observances conducted at meetings and events, completion of the faith adventures, and participation in the religious emblem program.
- CUB218 **Pack Committee Member Position-Specific Training**: Many packs do not have, or may not understand the importance of, an active pack committee to fully support Cub Scout program delivery. Others may not clearly understand the relationship between pack committee functions and pack program functions. We will delve into the duties of the committee, and committee member roles in supporting program delivery. We'll cover the distinctions among den, pack-wide, and committee service; the pack's relationship to the chartered organization, District, Council, and Scouting America; the methods and ideals of Cub Scouting; youth protection and safety policies; pack finances and budgeting; advancement; families; community service; the uniform; youth development; camping; and self-evaluation. *A training card for Scouting America course C60 will be issued for completion of this course. You will need to bring your Scouting America membership number so that you will receive timely credit for this training. This is a two-session course, counts as two course credits.*
- CUB220 **Outdoor Ethics for Cub Scouts**: From the beginning, Scouting America has pledged conservation and respect for the environment as essential components of good citizenship. Today, as more and more people enjoy the benefits of our nation's natural resources, additional pressure and urgency is brought to bear on outdoor ethics to ensure our beautiful natural spaces remain unspoiled for current and future generations. This course will cover Cub Scout outdoor ethics centered on the Outdoor Code. Front-country guidelines including conservation expectations, outdoor manners, and minimizing campsite waste and trash, will be emphasized.
- CUB231 **Planning and Leading Cub Scout Campfires**: Campfires are a Scouting tradition as venerable Scouting itself. Campfires should create life-long memories for your Cub Scouts as they reflect on the friendship of their fellow Cub Scouts and become receptive to Scouting's deeper meanings. But fun and meaningful campfires require planning. We will cover how to make the most of the campfire experience, including preparing an agenda to set the proper tone and tempo; campfire do's and don'ts; and sources for campfire songs, skits, and Cubmaster/Den Leader minutes.

- CUB240 **Recognizing the Achieving Cub Scout:** Scouting, like life, is a meritocracy; when goals are achieved, recognition is inevitable. Recognition serves as a motivator to the recipient and his or her peers. We will discuss the importance of Cub Scout achievement, advancement and service awards; meaningful and fun award ceremonies; and the Cub Scout uniform. We will cover how best to address service project recognitions in light of Scouting America's ethical principle of not accepting compensation for good turns.
- CUB247 **Recruiting and Retaining Cub Scouts:** A successful pack is known for its ability to recruit new Cub Scouts and by its ability to retain its Cub Scouts from year to year. This course will examine how successful packs are able to consistently recruit new Cub Scouts through successful recruiting drives such as Join Scouting Night, and by recruiting on an on-going basis. The course will also examine how the successful pack is able to retain and advance its Cub Scouts each year, by ensuring Cub Scout growth and achievement through its fun and exciting pack and den programs. The course will establish the relationship between successful recruiting and retention and meeting the character, citizenship, and fitness goals of the Cub Scout program.
- CUB252 **Keep it Simple, Make it Fun:** The Cub Scout games and activities that are the most fun and impactful can also be the simplest! Learn about KISMIF (keep it simple; make it fun) in action! Simple, quickly arranged games and activities using readily available items help Cub Scouts grow while having all kinds of creative fun. Hey, it's also leading by example – no Cub Scout should ever sit and sigh, "I'm bored," when the stuff of fun is all around us. PS: FUN recruits Cub Scouts! It's a fact!
- CUB256 **It's All Fair Game - Cub Scout Games and Contests:** Scouting itself is often called a "game with a purpose," and Cub Scouts love to play games! This course will cover the wide variety of indoor and outdoor games Cub Scouts can play, and how these games help meet Scouting's goals of developing character, personal fitness, and citizenship and leadership training. We'll cover the importance of games, the selection of games to match an occasion/theme, Scout ages-and-stages, special needs, and how to ensure fairness and full participation. Sportsmanship, managing emotions, and the pros and cons of prizes in competitive games will be discussed. We'll also cover the importance of planning and preparation, following policies and ensuring safety, presentation of the rules, reflecting on the connection between games and Scouting virtues, and stopping a game at the right time.
- CUB259 **Cub Scout Campsite Cooking:** A Scout is Hungry! What would a pack overnighter be without cooking? There is a direct connection between outdoor cooking experiences and the goals of Scouting. Through cooking, we find fun, fellowship, cooperation, sharing, cheerfulness, inclusiveness, self-reliance, and lasting memories. But there is more to Cub Scout campsite cooking than just putting a foil dinner on a bed of coals. Our expert in outdoor cooking will give you lots of information on menu development, meal preparation, basic gear, food sanitation, cooking methods, and clean-up, as well as inspirational thoughts on how to make mealtime a memorable and rewarding experience. We may even throw in a few recipes to help you feed hungry Cub Scouts while outdoors.

CUB273 **Planning and Leading Cub Scout Ceremonies:** Cub Scout ceremonies need to be more than a plastic bag with pins and belt loops, a quick handshake, and a “Good job, Tommy!” Great ceremonies can create memories that will last for years and inspire Cub Scouts to pursue new challenges and achievements. We will address the importance of ceremonies in meeting Cub Scout goals, and the fact that Cub Scouts will only attach as much significance to an award as their adult leaders do. We will explore the elements of a great ceremony, the types of Cub Scout ceremonies that are available, and how to incorporate virtues into dynamic ceremonies, so ceremonies become powerful incentives to Cub Scouts to continue the Scouting journey.

CUB283 **Cub Scout Safety and First Aid Considerations:** Safety is our top consideration as Cub Scout leaders. Naturally, we do not want to see anyone hurt from the program and activities we run. This course will cover accident prevention, planning for safety, and implementing safe practices in the den, in the pack, on outings, outdoors, and at camp. We will cover medical forms and consent forms, medications, Scouting America’s body mass index restrictions, and other safety-related policies. We will also cover first aid, proper response in the event of an accident or injury, and first aid certifications for Cub Scouters. Safety requirements and considerations for aquatics and shooting sports will also be covered.

CUB288 **Adventure Awaits! The Cub Scout Camping Spectrum:** Baden-Powell said, “Camp is what the [youth] looks forward to in Scouting.” At every rank there are camping opportunities. We will walk through the Cub Scout camping spectrum, from lock-ins, day camps, pack overnights, resident camps, Council-sponsored family camping, Webelos-Rees, Webelos den camping, and joint Arrow of Light den-troop camping. We will cover the importance of camping in meeting Scouting goals of character development, citizenship, personal fitness, and leadership development. We’ll discuss how each type of camping fits within Cub Scout ages-and-stages. We’ll talk about planning and preparation, Scouting America policies, BALOO training, the Council’s approved list of camping venues, parent participation, planning activities, opportunities for local exploration, and camping as preparation for transition to Scouts BSA. We’ll also talk about Cub Scout and parent difficulties adjusting to camping for the first time, and how to overcome them.

LEVEL 300 COURSES

CUB300 **Pack Leadership and Program Planning Principles:** In the successful Cub Scout pack, the pack’s leadership plans and provides a program of fun and exciting pack meetings and activities that create lasting memories and encourage others to join the pack. We’ll discuss scheduling, organizing, planning, and budgeting year-round pack activities and pack meetings that complement den programs and support the aims of Cub Scouting – character, citizenship, and personal fitness. The Cubmaster cannot design, plan, and execute the entire pack program alone; we will discuss delegation of duties and working as a team to provide the best possible program.

- CUB301 **Pack Meetings – Fun with a Purpose:** Pack meetings are when the entire pack comes together for Cub Scout fun! Pack meetings are contests, skits, songs, awards, magic shows, carnivals...with all the pack families there and all the Cub Scouts and their dens taking part. All this fun is with a purpose: helping to meet the Scouting goals of character development, citizenship and leadership training, and personal fitness. This course will explore how well-planned, well-run pack meetings help the Cub Scout to grow. We will cover how to effectively plan and execute a pack meeting, the importance of a thought-out agenda that starts on-time/ends on-time, how to ensure everyone takes part, how to bring out the showman in you and others, the do's and don'ts of recognition ceremonies, how to deal with the much-dreaded announcements segment, the use a display midway, and more.
- CUB306 **Land Navigation for Cub Scouts and Leaders:** Essential skills for anyone journeying into the woods are an understanding of how to find one's way and an understanding of what to do if lost. Cub Scout leaders leading hikes into the woods assume responsibility for the group and as such have an obligation to possess these skills. Further, consistent with ages-and-stages, Cub Scout leaders should endeavor to teach these skills to their Cub Scouts. This course will cover the various aspects of land navigation: reading the terrain, reading maps, how to find direction without a compass, the proper use of a compass, finding location and direction on a properly oriented map, and geocaching. The course will discuss teaching land navigation to Cub Scouts, the importance of carrying a whistle and a compass, and what to do if lost. Den activities for training in map reading, map and compass, and geocaching will be detailed.
- CUB312 **Acclimating New Cub Scouts and Parents to Your Pack:** Often, newly registered Cub Scouts and their parents are excited to join a pack but know little about how Cub Scouting works. This course will discuss the roles of the New Member Coordinator, Cubmaster, and Committee Chair in welcoming new families to the pack and acclimating them to Scouting goals, pack activities, and operations as soon as possible, so they can start having fun while realizing the benefits of the Cub Scout program.
- CUB315 **Making Cub Scout Day Camp Count:** As a leader attending day camp with your Cub Scouts, your task is to "make the experience count." All year long, Cub Scouts look forward to the fun of day camp, an outdoor experience geared to their ages-and-stages and a springboard to further camping participation. But for the magic to happen there are forms to fill-out, gear to bring, transportation arrangements to be made, walkers to schedule... as well as Cub Scouts to manage, adventure requirement completions to record, and camp achievements to celebrate. We will discuss everything they don't tell you about attending day camp, from coping with the weather, to maximizing Cub Scout participation, to ensuring health and safety, all while having fun! We will address how you can use the activities at day camp to bring the goals of Scouting to life for your Cub Scouts.
- CUB318 **Planning a Successful Pack Overnighter:** A pack overnighter is an essential moment in the life of any pack. A successful pack overnighter will not only give your Cub Scouts a sense of accomplishment and their families a sense of belonging; it will motivate them to stay in the pack and continue to be engaged for years to come. Come join us as we talk about Scouting America's policies and guidelines for Pack overnighters, important considerations to remember when planning an overnighter, and how to keep the event fun and safe for Scouts and parents.

- CUB322 **Cub Scout Leader Training Spectrum:** Every Scout deserves a trained leader. And yet, training records show only a bit more than half of adult leaders complete leader-specific training. Why is this the case, when between online and in-person training, training is easier than ever to access? This course will emphasize the importance of training in the planning and delivery of a quality Cub Scout program. The wide spectrum of training opportunities for Cub Scout leaders, from safeguarding youth training through Wood Badge, will be detailed. We will cover Scouting America policies concerning training. And we'll discuss the importance of creating and implementing a pack training strategic plan that targets 100 percent leader fully-trained status and completion of specialty and advanced training for staffing pack events and summer camp.
- CUB327 **Range and Target Activities for Cub Scouts:** Learn about authorized equipment, training, and safety in range and target activities for Cub Scouts at the District and Council level.
- CUB331 **Keeping Cub Scouts Safe in Today's World – Safeguarding Youth and Guide to Safe Scouting:** As Scouters we are responsible for ensuring the safety of our Cub Scouts. Mandatory youth protection training is required of every leader every year. In addition, valuable supplemental training modules cover other vital youth protection topics. Our Cub Scouts (after Lions) have an annual requirement to watch the Protect Yourself Rules videos. Parents are required to read the Parents Guide on youth protection at the front of each rank book and start a dialogue with their Cub Scout. We will discuss how to ensure the lessons learned in these programs are constantly and effectively followed. We'll cover the vital importance of two-deep leadership, including its extension to electronic communication and media, and posting of Cub Scout photographs and their identities on social media. We'll discuss Cub Scouts' safe use of the internet. We'll also discuss hazardous weather training and the safety policies and age-appropriate guidelines in the Guide to Safe Scouting (G2SS). And we'll cover incident reporting and why it's important to promptly report suspected abuse, compromised youth protection, injuries, compromised safety, and near-misses.
- CUB337 **The Power of Cub Scout Leader Pizzazz:** Pizzazz is more than chaos and silliness - it's about connection. Discover how energy, humor, and creativity help Cub Scout leaders build trust, confidence, and engagement with their Scouts. Learn how purposeful fun breaks down barriers, encourages participation, and opens the door to Scouting's true aims: character, citizenship, leadership, and fitness - all while keeping meetings and activities lively and meaningful.
- CUB365 **A History of the Cub Scouts of America, with Lessons Learned:** Where did Cub Scouting come from? This course tells the story! This course covers the origins of the Scouting movement in Britain and America within their historical context; the creation of the Scouting concept by British war hero Robert Baden-Powell and its first implementation at Brownsea Island; the evolution of British Wolf Cubbing to solve the "younger boy problem"; and the creative adaptation of Cubbing in America that succeeded despite personality clashes between the two devoted and passionate men, James West and Ernest Thompson Seton, who brought it about. *This is a two session course, counts as two course credits.*

CUB366 **What Every Cub Scout Leader Should Know About the District:** This course covers the function and operations of a District Committee. The sole purpose for your local District Committee is to support you, your pack, and your den. The District Committee is not a Scouting "supervisor" but rather a partner to help you understand all aspects of Cub Scouting, implement the best possible Cub Scout program, and take full advantage of resources, programs, and activities offered to the wider Scouting community through the National Capital Area Council and Scouting America nationally.

CUB373 **Communications in Cub Scouting:** Implementation of the Cub Scout program is an exercise in communications. Effective communications among all pack leaders, Den Leaders, Committee Members, and even parents and Cub Scouts are vital to the realization of a fun and exciting program that meets Scouting's overall goals. We will explore the nature of effective communication in packs and dens, and how effective communication can make all the difference between success and failure.

CUB377 **Using Information Technology to Make the Pack Grow:** We live in the information age! Operation of a Cub Scout pack today is difficult without a computer and a cell phone. Program planning help, unit renewal, advancement, training, membership rosters, even service-hour reporting are all on-line. In addition, pack, Council/District, and community electronic newsletters, internet blogs, web sites, e-mail lists, on-line videos and social media are available options for a Cub Scout pack to communicate with families and amongst its leaders, to promote its programs and to highlight its achievements. But how can we best use this bewildering array of electronic resources to help the pack and its Cub Scouts grow, while complying with Scouting America policies? This course will explore the safe, Scouting America-approved use of the common forms of electronic resources for information exchange, record-keeping, training, publicity, and promotion, and how such tools help your pack meet the character, citizenship and fitness goals of the Cub Scout program.

LEVEL 400+ COURSES

CUB401 **What the Great Leaders Don't Learn in Training:** Be more than a leader who only takes training and goes through the motions! Training is essential for every Cub Scout leader, but there is much more to a great leader than simply completing training. Experience really is the best teacher. In this course we explore those experiences beyond training that are vital to a great Cub Scout leader, embracing the Cub Scout program and investing your whole heart in it.

CUB402 **How the Commissioner Corps Supports the Pack:** The dictionary tells us a Commissioner is someone charged with performing specific duties. We will explore Commissioner service in scouting, what Scouting Commissioners' specific duties are, and how Commissioners serve to help your pack. A Unit Commissioner is an experienced Scouter assigned to visit your pack to offer any assistance needed. A Unit Commissioner is a voice of experience and a designated "friend in need." A Roundtable Commissioner provides a monthly discussion and network forum for Cub Scout leaders. Here, great ideas are shared and advice is offered to help with problems. Commissioners can help your pack be more successful, if you understand Commissioner roles and if you contact Commissioners to take advantage of the incredible knowledge base and the resources they can marshal. We will unravel the mystery concerning Commissioners and what they bring to make you and your pack successful.

- CUB411 **How to Start a New Pack in Your Neighborhood:** As Scouting grows back strongly, have you ever wondered what you - as a devoted Unit Scouter, District Scouter, or Scouting professional, could do to expand Scouting in your community by creating a neighborhood Cub Scout pack? You have seen the immense value of Scouting to the youth you have served and are currently serving. Why not bring the adventure of Cub Scouting to more youth? Come join us and learn how they did it and how you can do it too!
- CUB417 **Do We Deliver on the Promise:** Do we deliver on the promise of Cub Scouting, or are we kidding ourselves? Do we truly develop our Cub Scouts' characters, mold our Cub Scouts to be participatory citizens, and promote their mental, physical, and moral fitness? Or are we missing the mark? This course will examine how the pack succeeds in meeting the goals of Cub Scouting, consider the ways in which the typical pack falls short, and detail what the typical pack can do to improve.
- CUB468 **Conducting a Pack Self-Evaluation:** Is your pack delivering a program that meets Scouting goals? In what areas do the pack, the committee, or the dens need to improve? We will discuss how to make an objective assessment of your program; how to rate den, pack, and committee performance; and how to make best use of the resources available to you to make improvements.
- CUB480 **Strategies for Pack Diversity and Growth:** Encouraging and celebrating diversity in Cub Scout packs and dens is a significant challenge Scouters face. How best to invite and include all of today's Cub Scout-aged youth in the life-changing opportunities your pack and den have to offer? We will explore strategies to encourage families, and Cub Scouts across all demographics, to join packs; to celebrate cultural heritage; to break down cultural, economic, and language barriers; and to recruit parents to not just volunteer as adult leaders but to be stakeholders in the pack's success. Encouraging diversity and removing cultural barriers are at the heart of Scouting.

- EAC101 **High Adventure Opportunities 101:** High adventure is one of the most successful ways to challenge your Scouts and keep older youth involved in Scouting. Learn how to start at NCAC's Lenhok'sin, then increase the challenges in successive years. There are the "big" national bases, including Summit, Philmont, Northern Tier, and Sea Base, but did you know that many councils offer high adventure programs as well, often at a lower cost? From the millions of acres of the Adirondacks to the remote wilderness of Maine to the new BSA Swamp Base in Louisiana, there's an adventure waiting for your unit. Learn the difference between unit-based treks and council provisional treks, too. Please let us share how to get enjoying the ultimate "Outing in Scouting" through high adventure!

A NOTE FROM THE PROVOST

Dear Fellow Scouters,

Thank you in advance for joining us at this year's University of Scouting. Your presence, your enthusiasm, and—above all—your commitment to service to youth will truly make it a remarkable day. University of Scouting is one of the rare moments each year when Scouters from across every program come together in one place to learn, share, and grow. Whether you explore new ideas in Cub Scouting, strengthen your skills for Scouts BSA, discover fresh approaches in Venturing and Sea Scouting, or expanded your leadership toolkit across programs, you help make this event a richer experience for everyone.

When adult leaders seek to grow, youth benefit. Every new skill you learn, every conversation you take part in, and every connection you build will ripple outward helping our units deliver better programs, empowering our youth leaders, and strengthening the communities we serve.

We are grateful to you for giving your time, your energy, and your heart to Scouting. Please join me in thanking our instructors, volunteers, organizers, and staff who made this event possible. It truly takes a team to bring University of Scouting to life and model the best of what Scouting looks like when we work together.

When you return to your units, districts, and communities, we hope you bring with you new ideas, renewed motivation, and the confidence to continue making a difference. Remember: Adventure is the choices we make—and by choosing to grow as leaders, you help create adventures that shape the lives of young people.

Thank you again for your dedication and for being part of this year's University of Scouting. We are honored to serve alongside you.

Yours in Scouting,
Dave Rockwell
