### CWBS250 Fishing 101

This class is a combination of both the Fishing and Fly Fishing Merit Badge curriculums to allow time for the completion of both badges.

**Fishing:** In Scouting for Boys, Baden-Powell offers this advice: "Every Scout ought to be able to fish to get food for himself. A tenderfoot [beginner] who starved on the bank of a river full of fish would look very silly, yet it might happen to one who had never learned to catch fish."

**Fly Fishing:** Fly-fishing is a specialized form of fishing that combines skill and artistry. Because it is so rich with tradition, it is a passion for millions of people. The beauty of the water, the solitude, and the skills that the sport requires have made fly-fishing very important in the lives of many notable people.

The field of communication promotes the effective and ethical practice of human communication."

**Public Speaking:** A lot happens during the course of every person's life and your ability to communicate your feelings and ideas is the best way to connect to the larger world. Even if you haven't stood at a podium on the stage and find the whole idea scary, sooner or later, someone is going to ask you to get up and say a few words. If you are prepared, it won't be scary. It can even be fun.
