

Requirements for the Merit Badge classes on Feb 2, 2019

If there are no pre-reqs listed for your class there is nothing needed for the class on Feb 2, but you should be familiar with all the requirements for your badge. You can find these at this link http://meritbadge.org/wiki/index.php/Main_Page

Radio--none

Dentistry-none

Coin Collecting

Prereqs: assemble a simple collection and explain it. See requirements for more info about this.

Fingerprinting-none

Collections

Prereqs:

1. Get and read the Collections MB pamphlet. Write the report described in requirement 1.
2. Bring two groups of objects from your collection (requirement 5b), or pictures of them if it's not practical to bring the objects. Hard-copy pictures are better than pictures on a cell phone because we can share them more easily.
3. Bring pictures of the rest of your collection.
4. Be prepared to discuss/explain/show the other requirements.

The worksheet at <https://meritbadge.org/wiki/index.php/Collections> is the best way to make sure you are prepared.

Programming

Prereqs: Need to have completed Cyber chip and bring it with you along with a laptop

Citizenship in the World

Note: This is intended to give a start to this Merit Badge.

Unless the Scout has done extensive preparation, the badge will not be completed today.

Citizenship in the Nation

Note: This is intended to give a start to this Merit Badge.

Unless the Scout has done extensive preparation, the badge will not be completed today.

First Aid-none

Medicine-please see the separate Medicine Orientation and Pre-reqs document.

Note: there is follow on work for this Merit Badge. You will not complete it today.

Please be sure to get the Name and Contact information of the Merit Badge Counselor in order to contact them to complete any badges that are not completed on Feb 2, 2019.
