

Seneca District Cub Scout Day Camp, June 21-25 2021. Bretton Woods,
River Road in Germantown.

As far as we know we will be holding camp. This is just an update to let you know of some of the precautions and patterns that will be in place.

As of now this is how camp will happen:

- Everyone will need to wear a mask.
- We will have portable toilets that will be sanitized throughout the day and cleaned during the week.
- Each station and equipment will be sanitized in between groups.
- The first bottle of water will be brought from home and replenished throughout the day with water bottles bought from the store which the cubs will empty into their own bottles and then dispose of the plastic bottle in recycling cans.
- Sanitizer will be at all stations for Cub use.
- Opening ceremony will be at their 1st station.
- Closing ceremony will be at their last station.
- Lunch will be eaten next to the station they are at before lunch.

- THERE WILL BE NO SWIMMING THIS YEAR DUE TO COVID AND OTHER PRECAUTIONS.

Because of the Montgomery County youth camp activities number being at 15 right now we will be going with that number. If this number stays the same by the date of our camp, the camp will be run as follows:

- There will be 10 cub scouts per group + 2 den walkers (1 per 5 cubs) + 2 station staff.

- Each group will stay together ALL day and not mix with anyone else.
- They will arrive and leave and eat lunch together as the group.

If the number moves up to 25 or 50 we will reevaluate.

The stations will be Archery, BBs, Sling Shots, Scout Skills, STEM and Nature. On Wednesday we will have Low Ropes, Fishing, Canoeing, and STEM.

THIS IS ALL DEPENDING ON THE COUNTYS REGULATIONS!
