## **LIGHTNING ALARM PLAN OF ACTION**

Florida is the lightning capital of the world and represents a hazard of which all should be made keenly aware. If inclement weather is forecasted, camp staff will monitor any approaching storms and will notify all staff to assist campers to seek appropriate shelter when necessary.

When lightning is eminent, appropriate shelter is any building that has 4 wall. Campsite activity shelters are safe shelters. PROGRAM PAVILIONS ARE NOT SAFE SHELTERS. When notified, please ensure that everyone in your group goes to one of the nearest building as instructed by staff and stays there until given all clear.

- W.T. Bland Dining Hall      - Campsite Shelter      - Rotary Lodge

Everyone, youth and adults, must report to the designated area during a camp wide emergency alarm unless instructed otherwise by the camp staff.
