Camp Wide Emergency Procedure

In the event there is a camp wide emergency, a constant wailing (air raid) siren will sound. If you hear this siren, please proceed to the Seneff Flag Pole, line up with your unit, take roll call, have your SPL report to the Camp Commissioner that your unit is accounted for, and wait for further instructions from the camp staff. Everyone, youth and adults must report to the Flag Pole during a camp wide emergency alarm unless instructed otherwise by the camp staff. The entire camp will have an opportunity to practice these procedures within 24 hours of your arrival.

Lightning Alarm Procedure

Florida is the lightning capital of the world and represents a hazard that all should be made keenly aware of. This plan has been developed for the use of Scouts, Scout Leaders, and Staff while camping and/ or participating in activities at Camp La-No-Che. Camp La-No-Che is equipped with a lightning detection system called Thor Guard. The system senses lightning within a predetermined safety zone in Dr. Phillips Park and will sound an alert. If you are not in the Dr. Phillips Park area, please use your Hazardous weather training to determine your best course of action in case of lightning in the area.

Red Alert:

You will hear one fifteen (15) second blast of the air horns. This alarm means that lightning is close and you need to seek appropriate shelter where you should remain until given the all clear signal. Please keep your distance from windows, screen openings, and perimeter railings for your protection. Further direction may be provided by the Camp Management Staff as needed.

All Clear:

You will hear three (3), five (5) second blasts of the air horn. The area should now be considered safe and you may proceed, but still be cautious of dangerous weather, as it still may be near the camp.

Medical Services, Emergencies go directly to Health Lodge

A resident Health Officer is available at all times to deal with accidents and sickness. He or she may not be a medical doctor but is qualified to administer first aid and deal with emergencies and minor sickness. The Central Florida Council does not provide sickness and accident insurance for out of council units.

Valuables Policy

The Leonard and Marjorie Williams Family Scout Reservation/Camp La-No-Che management and staff will not be responsible for individual camper or troop valuables while in camp. Use these tips to avoid any losses while at Camp: - Advise your Scouts to bring as few valuables as possible and encourage Scouts to use locked trunks. - DO NOT carry large amounts of money around camp. - The Troop Leader should bring a lock box with him. - Never leave a Scout alone at the campsite. - Advise your Scouts not to walk through another Unit's campsite.

Vehicle Policy

To protect our camp and all Scouters, we ask that all vehicles be parked in the main parking lot. Vehicles will be allowed to transport gear to and from campsites on Camp Days 1 and 6. Troops will be permitted to park their equipment trailer in their campsite along with one (1) vehicle per Unit. All Equipment Trailers must be disconnected from the Tow Vehicle and the Trailer's Hitch must be flagged for safety. No golf carts will be allowed in camp, unless they are pre-approved by camp management.

Leave No Trace Policy

While at Camp La-No-Che, all Units and Scouts should abide by the principles of Leave No Trace. Please make every effort to maintain the camp's appearance. Please remember that Scouts are neat and clean.

Boy Scouts of America Smoke-Free Policy

Boy Scouts of America policy is to provide a smoke-free environment for all Scouting participants. Therefore, smoking is not allowed at La-No-Che in the presence of youth or in buildings. You may smoke only in the designated adult break area behind the Trading Post. Thank you
