PROGRAMS AT A GLANCE

PROGRAM DESCRIPTION:

Camp La-No-Che's Eagle Week is an intensive learning program conducted three weeks during the summer. Scouts working towards the rank of Eagle are instructed by community experts brought to camp to conduct rigorous, valuable and impactful education. Courses are conducted in air-conditioned environments, and air-conditioned housing options are available!

Eagle Week is held at Camp La-No-Che during Summer Camp and is its own stand-alone program. Scouts attend as individuals and Troops are formed from all participants. Adult Staff members fill the roles of Scoutmaster and Assistant Scoutmaster during the week and provide supervision. Participants take Eagle Merit Badge programs of their choosing in the morning and afternoon, and in the evening are invited to engage in special Troop Time Activities arranged through various camp program areas including: Adventure Camp, Aquatics, & Target Sports.

Scouts who select certain Eagle Merit Badge will have the opportunity to go on a Field Trip during the week to complete necessary requirements in seeing a government meeting conducted, and the visiting and touring of a federal building. Scouts not completing the field trip will be able to stay back at camp, and begin additional Eagle Merit Badges they may need.

During the Eagle Week Program, participants also are joined by the CFC Advancement Committee, and a Life To Eagle Workshop is conducted. During this workshop participants are led through the Eagle Application Process, Eagle Project Approval Process, and Eagle Scout Board of Review Process.

At the conclusion of the Eagle Week a closing breakfast is held with all participants. Awards and recognitions are shared and a Special Guest Speaker attends to share their words on the Journey to the Eagle Scout Award. We look forward to serving 150-200 Scouts this year on their journey to Eagle Awards at Camp La-No-Che!

PRE-REQUISITES/SUPPLIES/MATERIALS POSTED- STARTING MARCH 1ST

Scouts beginning on March 1st can access all Eagle Required Merit Badge Pre-requisites, Supplies and Materials for their Eagle Week Program through the event registration landing page. Scouts can then prepare over the remaining 4 months the necessary material, research, and projects to share with their counselor on arrival to Camp La-No-Che. Scouts who complete these requirements, as well as the necessary course work during the week have the best opportunity to leave camp with completed Eagle Merit Badges.

EAGLE WEEK MERIT BADGES

CAMPING

Camping is one of the best-known methods of the Scouting movement. When he founded the Scouting movement in the early 1900s, Robert Baden-Powell encouraged every Scout to learn the art of living out-of-doors. He believed a young person able to take care of himself while camping would have the confidence to meet life's other challenges, too.

CITIZENSHIP IN SOCIETY

Realize the benefits of diversity, equity, inclusion, and ethical leadership with the Citizenship in Society Merit Badge. Scouts will research any individual who has demonstrated positive leadership while making an ethical decision, explain what options the leader had when faced with a problem, why they believe they chose their final course of action, and the outcome of the leader's decision.

CITIZENSHIP IN THE COMMUNITY

A nation is a patchwork of communities that differ from each other and may be governed differently. But regardless of how local communities differ, they all have one point in common: In the United States, local government means self-government. Good citizens help to make decisions about their community through their elected local officials.

CITIZENSHIP IN THE NATION

As Scouts fulfill the requirements for this merit badge, they will learn how to become active citizens are aware of and grateful for their liberties and rights, to participate in their governments and protect their freedom, helping to defend their country and standing up for individual rights on behalf of all its citizens.

CITIZENSHIP IN THE WORLD

Scouts who earn the Citizenship in the World merit badge will discover that they are already a citizen of the world. How good a citizen each person is depends on his willingness to understand and appreciate the values, traditions, and concerns of people in other countries.

COMMUNICATION

This clear and concise definition comes from the U.S. Department of Education: "Communication focuses on how people use messages to generate meanings within and across various contexts, cultures, channels, and media. The field of communication promotes the effective and ethical practice of human communication."

COOKING

The Cooking merit badge introduces principles of cooking that can be used both at home or in the outdoors. Scouts who earn this badge will learn about food safety, nutritional guidelines, meal planning, and methods of food preparation, and will review the variety of culinary (or cooking) careers available.

EMERGENCY PREPAREDNESS

Scouts are often called upon to help because they know first aid and they know about the discipline and planning needed to react to an emergency situation. Earning this merit badge helps a Scout to be prepared by learning the actions that can be helpful and needed before, during, and after an emergency.

"YOUR JOURNEY TO EAGLE CONTINUES"

EAGLE WEEK MERIT BADGES

ENVIRONMENTAL SCIENCE

While earning the Environmental Science merit badge, Scouts will get a taste of what it is like to be an environmental scientist, making observations and carrying out experiments to investigate the natural world.

FAMILY LIFE

The family is the basic unit of society and is important to both individuals and communities. The world is rapidly changing, making today's society much more complex than ever before. As Scouts earn this merit badge, they will realize why it is important to know more about family life and how to strengthen their families.

FIRST AID

First aid—caring for injured or ill persons until they can receive professional medical care—is an important skill for every Scout. With some knowledge of first aid, a Scout can provide immediate care and help to someone who is hurt or who becomes ill. First aid can help prevent infection and serious loss of blood. It could even save a limb or a life.

LIFESAVING

No Boy Scout will ignore a plea for help. However, the desire to help is of little use unless one knows how to give the proper aid. The main purpose of the Lifesaving merit badge is to prepare Scouts to assist those involved in water accidents, teaching them the basic knowledge of rescue techniques, the skills to perform them, and the judgment to know when and how to act so that they can be prepared for emergencies.

PERSONAL FITNESS

Personal fitness is an individual effort and desire to be the best one can be. Regardless of their current levels of personal fitness, in the twelve weeks it will take Scouts to complete the athletic requirements for this merit badge, they will be in better shape, feel better about themselves, have more energy, and gain self-confidence in their overall abilities.

PERSONAL MANAGEMENT

Personal management is about mapping a plan for your life that will involve setting short-range and long-range goals and investigating different ways to reach those goals. Education, training, and experience all help make your goals become a reality. To achieve your goals, you will choose the best path and make a commitment to it, while remaining flexible enough to deal with changes and new opportunities.

SUSTAINABILITY

Learn to reduce waste and teach sustainable practices to others so you can help conserve Earth's resources with the Sustainability Merit Badge. Scouts will develop and implement a plan to reduce their water usage, household food waste, and learn about the sustainability of different energy sources, including fossil fuels, solar, wind, nuclear, hydro power, and geothermal.

SWIMMING

Swimming is a leisure activity, a competitive sport, and a basic survival skill. Scouts who earn this badge will learn about safety when swimming and diving, how swimming can contribute to overall fitness and health, and gain some basic competitive swimming skills.

"YOUR JOURNEY TO EAGLE CONTINUES"

MERIT BADGE SCHEDULE MATRIX

The below list consists of the Eagle Week matrix or list of merit badges offered throughout the week. While every effort is made to offer as much selection as possible, we do realize some Scouts may come to camp already having earned some badges. We ask if possible they choose an alternate if offered. If a Scout has already earned all offered during a period, they may leave their selection blank. Scouts who leave their selection blank will have alternate badges they can choose during the week called "Pop-ups" (see below for more information). All Merit badges are scheduled for a 4 hour class session, except Wednesday. However Scouts during the week may need to complete additional requirements during off-time or free-time. They can see their counselor to submit any completed work.
