LIGHTNING ALARM PLAN OF ACTION

Florida is the lightning capital of the world and represents a hazard of which all should be made keenly aware. If inclement weather is forecasted, camp staff will monitor any approaching storms and will notify all staff to assist campers to seek appropriate shelter when necessary.

When lightning is eminent, appropriate shelter is any building that has 4 wall. Campsite activity shelters are safe shelters. PROGRAM PAVILIONS ARE NOT SAFE SHELTERS. When notified, please ensure that everyone in your group goes to one of the nearest building as instructed by staff and stays there until given all clear.

- W.T. Bland Dining Hall - Campsite Activity Shelter

In the event there is a camp wide emergency a wailing (air raid) siren will sound. If you hear this siren, please proceed to the following: report to Seneff Plaza Flag Pole. Line up with your unit, take roll call, have your SPL report to the Camp Commissioner that your unit is accounted for, and wait for further instructions from the Camp Staff. Everyone, youth and adults, must report to the designated area during a camp wide emergency alarm unless instructed otherwise by the camp staff. The entire camp will have an opportunity to practice these procedures during your stay at camp.
