

## WOOD BADGE

### Leadership Training

**WOOD BADGE** is the ultimate **BSA Adult Leadership Training**. It is designed to help Scout leaders in **all** programs. Originated by Lord Baden-Powell, Scouters learn *leadership* skills in a unique way. Through *living* the Scouting program ... and *applying* the *leadership* skills taught at **WOOD BADGE**, one will develop a knowledge and understanding of new skills that can be used at the unit, district, council, professional, or personal level.

# WOOD BADGE

**WOOD BADGE** is an *advanced* training in *leadership* development. The **WOOD BADGE** program consists of two parts:

1. **Practical training** - *learning/practicing* the *leadership* material taught during the six days on course;
2. **Application** – *applying* those *leadership* skills to your Scouting position over the following 18 months, “*working your ticket.*”

**WOOD BADGE** training does **NOT** cover outdoor skills. The course draws from up-to-date *leadership* models used by corporate America, academic circles, and successful outdoor leadership organizations throughout the country. The course sessions include **Team Development**, **Diversity** training, and **Project Management**, to mention a few. This combination of hands-on, direct experience and application of *leadership* skills is incredibly effective. **WOOD BADGE** has served as a source of training and inspiration for thousands of Scouters who, in turn, have affected the lives of millions of Scouting’s youth. Participants discover ways to not only use the *leadership* skills in their Scouting positions but, also, to better their personal lives, as well.

For six days, you will live, learn, and work with other Scouters, while being exposed to the *leadership* skills applicable to the development of the Scouting program. Through the **WOOD BADGE** experience, you will develop a deeper, more practical understanding of *leadership* skills. It can help to clarify what you *want to accomplish* in your Scouting role, and learn ways to apply your skills in your Pack, Troop, Crew, District, and/or Council.

Subsequently, you will have the opportunity to practice these *leadership* skills to help make you more productive in your Scouting role, as you complete your **WOOD BADGE** “*ticket.*” All the while enjoying the fellowship, assistance, and mentorship of those who have already completed their “ticket.” **WOOD BADGE** not only provides the opportunity to learn and practice *leadership* skills, it also offers the potential to develop and build a network of support that can assist you throughout your scouting career.
