

COVID MITIGATION- CAMP LA-NO-CHE 2022

The following steps will be initiated by our Summer Camp Staff in response to the challenges faced during Week #1 of Program Operations. Any questions or concerns related to these measures can be directed to Mac Griffith, Camp Director.

Arriving Procedures

- Participants upon arrival to camp will complete a Covid- 19 screening checklist

Program Areas

- All programs have been evaluated by our Administration and Program Teams. Adjustments, cancellations, and additions to normally scheduled program have been made to limit contact, ensure unnecessary contact, and distance existing experiences. All while preserving a quality summer camp experience with limited impact. Examples include:
 - *Welding Merit Badge (cancelled)*
 - *Cooking Merit Badge/Primitive Cooking/Lifesaving (procedures in place)*
 - *SPL Meeting/Adult Leader Training/Family Night/Campsite Inspections (adjusted for safety)*
- Most open Troop Time Programs have been removed from current offering, with scheduled Troop Time Programs taking effect. Allowing units to travel to activities together and ensure Scouts remain healthy with unit check-ins.
- Watercoolers will be sanitized daily, and participants will be instructed in proper procedures to have drink containers refilled (not congregating around filling stations, and taking turns).
- Soap, Sanitizing Wipes, and Hand Sanitizer will be provided to each program area for additional safety.

Indoor Facilities

- Programs and activities have been moved to outdoor environments wherever possible. When indoor programming is necessary masking is high recommended of all participants.
- The wiping of surfaces after each session is completed to reduce transmission between participant groups.
- High traffic areas like the Trading Post till have a maximum occupancy that will be posted and adhered to.

Outdoor Facilities

- All programs are to be held in outside seating, when possible, with participants practicing social distancing. When social distancing is no possible masks are required to be worn by all participants.

Health Lodge

- **Front Porch-** General first aid and receiving of minor treatable health services.
- **Lobby-** Cooling area for dehydration, staging of participants for calls home
- **Exam Rooms-** Privacy area for treatment, and long-term resting for confirmed dehydration
- **Back Porch/Erected Tent-** Suspected covid case needing further testing, and examination
- **Back Ward-** Covid Quarantine for positive individuals at camp identified awaiting pick-up by a guardian.
- **Office/Kitchen/Health Officer Quarters-**Admin area for communication, and consultation

Dining Hall

- The Dining Hall will be configured to maximize the separation of participants when masks need to be removed for the dining experience. Participants are to remain masked until they are seated within the dining hall. Replacing masks when they are leaving the dining hall.
- The serving line will be separated from the common area of the dining hall with a constructed partition, and servers will be wearing gloves, masks when working the serving line

General Hygiene

- Units will be encouraged to practice good handwashing practices, and cleaning procedures while in campsites.
- Units are to not visit other unit's campsites for any reason or utilize another's bathroom facilities.

Staff

- Staff upon arrival to camp will complete a Covid- 19 screening checklist
- Housing for all paid male and female staff members has been reduced to 50% capacity for communal living.
- Volunteer and Outside vendor housing has been moved to outpost campsites for additional health and safety.
- Staff bathing and restroom facilities will be sanitized 3x daily, for additional health and safety.
- Access to Camp Office Complex will be for only essential personnel, and meetings will be held masked or outside.
- Staff will have a designated seating area away from program participants with an additional outside eating option.
- Daily morning and evening flag will have additional distancing measures put in place for health and safety.
- Staff on their night off will be highly encouraged to practice vigilant masking measures.
- Staff will conduct additional sanitizing protocols between program transitions both inside and outside.
