Pavilion at 8:45am and we
will walk back to the Archery
Range as a group.

**Scouting
America**
Gulf Stream Council

This practical course is for Scouters wanting to earn the USA Archery Level 1 or 2 Instructor (coach) certifications.

Scout must be 15 years old for Level 1 and 18+ for Level 2 to get USA Archery certified.
The USA Archery online course must be completed prior to taking this practical course.

What is the difference between Level 1 and Level 2 certification?

Level 1

- Needed to run the archery range at a scouting event, such as troop archery range time.
- Covers range safety, range operations, and the basics about archery.

Level 2

- Includes range safety, range operations, and how to coach archery.
- 3-year USAA membership and USA Archery Background check.
- Needed for instructor certification and advanced courses (JOAD & Tournaments Judging).

- Level 1 is not a prerequisite for Level 2 certification as you can take Level 2 without taking Level 1.
- To earn either of these certifications the candidate must complete both parts of the training, on-line course and a practical in person course.
- Level 1 and Level 2 practical courses can be taken at the same time.

How to Get Started

1 Go to www.USArchery.org. Click the Login/Become a member button (top right) which takes you to Sport80.com. On the white section, sign in or create an account. Select "USA Archery Courses" from the left column. Find Level 1 or Level 2 instructor online course and sign up. Do not worry about the date. You do not need to complete the online course in one sitting.

2 Complete the online course at least 2 weeks before the practical course. This ensures the USA Archery database is updated with your status.

Online class portions can be found at [USA Archery \(usarchery.org\)](http://USA Archery (usarchery.org)).

Details & Instructions

- Step one:** Complete the online requirements for either Level 1 or Level 2 Coaching certification.
- Step two:** Register and pay the GSC per person range fee using this link:
<https://www.scoutingevent.com/085-USAARCHERY12>
- Step three:** On the www.usarchery.org website to register for practical course.
 - For Level 1:

or scan this QR code:

Level 1
Registration

Level 2
Registration

- Step four:** Please RSVP to ArcherySamW@gmail.com that you will attending the practical course and that the previous steps have been completed.
- Step five:** On Sunday December 13, 2026, meet at the TK welcome pavilion at 8:45am to walk back as a group to the TK archery range. Bring your USAA membership number. Bring a water bottle, camp chair, sunscreen, sunglasses, close toe shoes, and a hat. Universal compound bows (Genesis Bows), recurve bows, arrows, and targets will be provided for the training. The equipment used is National Archery in the Schools Program (NASP).
- Step six:** Submit your USAA certification to GSC and the shooting sports committee so you can be approved to operate the range at Tanah Keeta and Oklawaha.

Build Safer Ranges • Stronger Programs • More Confident Scouts
