IMPORTANT

CAMP PARKING ANNOUNCEMENT

Parking at camp is changing as the Martin County Fire Station goes live. Please review the new parking arrangements before your next visit!

FIRE RESCUE PARKING

The first section of the parking area will be reserved for **Martin County Fire Rescue rigs.** Fire crew vehicles will be parked on the **south end.** Look for posted signs and do not park in the designated fire vehicle area.

AVAILABLE PARKING

The only available parking for Scouters will be in the **designated accessible parking spaces east of the Campmaster building.**

ONE-WAY TRAFFIC

Follow all posted **one-way signs** along the backside of the parking lot. Exceptions are limited to vehicles needing access to the maintenance yard or kitchen.

Please help us keep camp safe and accessible for everyone by following the new parking flow.

Thank you for your cooperation!
