

Sand Hill Scout Reservation Webelos Resident Camp 2018 Leaders' Guide July 5 — July 8

Arrow of Light

Adventures

Dear Webelos and Den Leaders,

Welcome to Sand Hill Scout Reservation. We are pleased to offer your pack an excellent Webelos Resident Camp program. We realize the importance of the Webelos Resident Camp experience to the growth and development of the young people involved in Webelos. This camp is an important stepping stone for their advancement towards becoming a Boy Scout.

The Scouting Programs here at Sand Hill Scout Reservation continues to offer excitement and adventure: Aquatics, Climbing, Shooting Sports, Scoutcraft, and Arts and Sciences.

We thank you for your interest in the Sand Hill's Webelos Resident Camp program. Please use this Leaders' Guide to help with the planning of an enjoyable resident camp experience. Also, please feel free to visit www.tampabayscouting.org for more camping opportunities in the Greater Tampa Bay Area Council. You are welcome to contact us at (813) 872-2691.

Thank you,

Matt Anderson
Camping Director
Boy Scouts of America | Greater Tampa Bay Area Council

The Significance of Resident Camp

Camping is the great outdoor adventure of Scouting. As a Webelos becomes at home in the outdoors, they learn some of the skills, resourcefulness, and self-reliance of the pioneer. The aims and methods of Scouting are all pertinent in the outdoor camping experience.

Resident camping is perhaps the best opportunity for Scouts to fully immerse themselves in the outdoor experience. The resident camp schedule includes time for a Scout to achieve personal advancement, bond with his pack and fellow Webelos, and participate in activities of a personal interest.

All packs should attend a resident camp program. Resident Camp is vital for advancement progress, team building, and leadership development for Scouts. There's something for all ages of Scouts. The Scouts will be working on Adventure requirements. The Arrow of Lights can get involved with all the fun things that Boy Scouts do, and get excited about crossing over.

As your pack begins making plans for the coming year, remember to include resident camp. If

securing adequate adult leadership for resident camp is a challenge, let us know. We can partner your pack with another that has ample adult leadership. If you have Webelos Scouts that are not able to attend Resident Camp with your pack for whatever reason, let us know. At Sand Hill Scout Reservation, we offer Provisional Camping, which forms patrols of individual Webelos who wouldn't otherwise have been able to attend camp. Provisional campers are supervised by adult volunteers.

The bottom line is, as a pack leader, make the commitment to provide the opportunity for ALL of your Webelos Scouts to attend Resident Camp. The Greater Tampa Bay Area Council is committed to helping you provide these opportunities. There are campership funds available for Greater Tampa Bay Area Council Webelos Scouts in need. Provisional camping is a growing trend, especially for younger Webelos whose packs attend Resident Camp out of state, far away from home. If you have other obstacles, please contact us at (813) 872-2691 and we will find a way to help you.

SWIM CLASSIFICATION PROCEDURES

The swim classification of individuals participating in a Boy Scouts of America activity is a key element in both Safe Swim Defense and Safety Afloat. **The swim classification tests should be renewed annually, preferably at the beginning of each outdoor season.** Traditionally, the swim classification test has only been conducted at a long-term summer camp. However, there is no restriction that this be the only place where the test can be conducted. It may be more useful to conduct the swim classification prior to a unit going to summer camp.

All persons participating in BSA aquatics are classified according to swimming ability. The classification tests and test procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water (e.g., the swimmer's test demonstrates the minimum level of swimming ability for recreational and instructional activity in a confined body of water with a maximum 12-foot depth).

ADMINISTRATION OF SWIM CLASSIFICATION TEST (THE LOCAL COUNCIL CHOOSES ONE OF THESE OPTIONS):

OPTION A (at camp):

The swim classification test is completed the first day by camp aquatics personnel.

OPTION B (Council conducted/council controlled):

The council controls the swim classification process by predetermined dates, locations, and approved personnel to serve as test administrators. When the unit goes to summer camp, each individual will be issued a buddy tag under the direction of the camp aquatics director for use at the camp.

OPTION C (At unit level with council-approved aquatics resource people):

The swim classification test done at a unit level should be conducted by one of the following council-approved resource people: **Aquatics Instructor, BSA; Aquatics Cub Supervisor; BSA Lifeguard; BSA Swimming & Water Rescue; or other lifeguard, swimming instructor, etc.** When the unit goes to summer camp, each individual will be issued a buddy tag under the direction of the camp aquatics director for use at the camp.

TO THE TEST ADMINISTRATOR

The various components of each test evaluate the several skills essential to the minimum level of swimming ability. **Each step of the test is important and should be followed as listed below:**

SWIMMER'S TEST:

Jump feet first into water over the head in depth, level off, and begin swimming. Swim 75 yards in a strong manner, using one or more of the following strokes: sidestroke, breaststroke, trudgen, or crawl; then swim 25 yards using an easy resting backstroke. The 100 yards must be swum continuously and include at least one sharp turn. After completing the swim, rest by floating.

BEGINNER'S TEST:

Jump feet first into water over the head in depth, level off, swim 25 feet on the surface, stop, turn sharply, resume swimming as before, and return to starting place.

General and Important Information

Camp Trading Post

Sand Hill Scout Reservation's Trading Post is open daily. The Trading Post is closed during meals. The Trading Post is stocked with supplies for activities, and craft projects. Visitors/Volunteers

All visitors/volunteers must check in at the camp office in the main parking lot upon arrival on the property. All volunteers must be approved by the camp director or his designee.

If a Webelos is planning to leave camp (summer school, soccer game, etc.), a "Permission to Leave Camp Form" must be on file in the camp office. Webelos will only be released to adults listed on the form!

Please, advise all parents that they will have to prove their identity when checking a Webelos out of camp and please understand that we need the unit leader to be present at the time to verify that the Webelos is allowed to leave with this specific person, even if they are the parent. Though they may be the parent, they may not be the parent that is allowed to have access to the child.

The Greater Tampa Bay Area Council carries supplemental accident insurance for all Greater Tampa Bay Area Council units. This insurance is secondary and used only after personal, parental or unit insurance has been utilized.

Program Areas

All program areas, including the pool, lake, C.O.P.E. courses, climbing tower, rappelling tower, and rifle, shotgun and archery ranges are off-limits when closed. Furthermore, no one is permitted to swim in, wade, or cross any undesignated body of water on the property.

Fire Prevention

Webelos and packs are expected to follow the fireguard plan as set forth by the Boy Scouts of America. Each pack will appoint a fire warden, who will review procedures with the pack. No liquid fuel may be left in the campsite. No fires or flames are allowed in tents.

National Guidelines

The following policies have been adopted to provide additional security for the Webelos participating in the programs. In addition, they serve to protect adult leadership from situations in which they are vulnerable to allegations of abuse.

Two-deep leadership: Two registered adult leaders or one registered adult leader and a parent of a participant, one of whom must be 21 years of age or older, are required on all trips and outings. The chartered organization is responsible for ensuring that sufficient leadership is provided for all activities.

No one-on-one contact: One-on-one contact between adults and youth members is not permitted. In situations that require a personal conference, such as a Cubmaster conference, the meeting is to be conducted in view of other adults and youth.

Respect of privacy: Adult leaders must respect the privacy of youth members in situations such as changing into swimming suits or taking showers at camp and intrude only to the extent that health and safety issues need to be addressed.

Separate accommodations: When camping, no youth is permitted to sleep in the tent of an adult other than his own parent or guardian. Sand Hill Scout Reservation provides signs to mark when bath houses are in use by Male or Females.

Proper preparation for high-endurance activities: Activities with elements of risk should not be undertaken without proper preparation, supervision, and safety measures.

Boy Scouts of America Smoke-Free Policy. It is policy to provide a smoke-free environment for all Webelos participants. Therefore, tobacco products are ***not allowed*** at Camp (please refer to your Guide to Safe Scouting and Camp and Health and Safety Guide.) Thank you for your assistance!

Adult Camper Code of Conduct

GENERAL: Rules are made for the safety of campers, protection of equipment, and to provide fairness to all. To avoid any misunderstanding, the following also apply at all Greater Tampa Bay Area Council camping facilities. Unit leaders are responsible for ensuring that each adult camping at Greater Tampa Bay Area Council camping facilities are aware of this code of conduct. Leaders will acknowledge that all adults are aware of this Code on the Camp Use Permit. All adults are asked to remind adults who are observed in violation of this Code to cease such conduct. One violation will result in a warning. A second violation may result in expulsion from camp.

LEADERSHIP: All units using camp must have a minimum of two (2) adults present at all times. The adult leader in charge must be at least twenty-one (21) years of age. The second leader must be at least eighteen (18) years of age. Pack camping and Webelos Den overnigher events must be under the leadership of adults trained in accordance with National Boy Scouts of America standards. All leaders must adhere to the policies contained in the [Guide to Safe Scouting](#) and Youth Protection standards. An expulsion for violation of this Code which leaves a unit without minimum adult attendance will result in the entire unit leaving camp.

PRIVACY: Adults must respect the privacy of youth members in situations such as changing clothes and taking showers at camp. Adults must also protect their own privacy in similar situations. No youth is permitted to sleep in the tent of any adult other than his/her own parent or guardian. Proper attire for activities is required. Discipline used in Scouting should be constructive and reflect Scouting's values. Corporal punishment is never permitted. Physical hazing and initiations are prohibited.

CLOTHING: Adults must ensure that they wear appropriate camping attire. The Field uniform and the "Activity uniform" are always appropriate. Non-scouting T-shirts are discouraged. Sexually suggestive clothing, garments with sexually suggestive, vulgar, or drug related wordings and/or graphics and clothing which provokes or may tend to provoke violence shall not be worn. The Boy Scouts of America Congressional Charter prohibits Webelos from wearing imitation United States Army, Navy or Marine Corps uniforms for Scouting activities. In order to comply with this mandate, the Boy Scouts of America does not permit the wearing of camouflage or combat-type military clothing in Cub Scout activities. Exceptions to this policy (such as Sea Scouts, Venturing Crews chartered by ROTC units, military personnel, etc...) will be handled on a case by case basis prior to the unit's arrival at camp.

PROHIBITED ON CAMP PROPERTIES:

--Personal firearms, bows and arrows, sheath knives or ammunition of any kind in the possession of any camper

--Fireworks of any kind

--Alcoholic beverages, marijuana, or other unlawful drugs

--Tobacco products – BSA national and Greater Tampa Bay Area Council [regulations](#) prohibit use of tobacco products on any council owned or operated property at any time. There is no designated smoking area at any Council owned or operated facility. Tobacco products may be possessed by adults but must not be in view or used. Adults should support the attitude that youth are better off without tobacco.

FIRES: Request and follow the ranger's/Camp Director's instructions on the number and locations of fires. Observe fire bans. When permitted, fires must be confined to established fire rings. Fires must not be built up to dangerous or nuisance proportions, must be tended at all times and must be fully extinguished. The use of liquid fuels for starting any fires is prohibited. Compressed or liquid gas stoves or lanterns will be used only under adult supervision and control. No flames of any type are permitted in tents.

VEHICLES: Vehicles, other than camp, emergency, and authorized work and handicap vehicles, are not permitted beyond the designated parking lot unless unloading or loading gear on check-in and departure days. Campers must plan to hike from the designated parking area to your assigned campsite. Handicap vehicles must remain parked at the designated site for the duration of the camping event. The speed limit on the camp entry road and interior roads is 7 miles per hour.

CAMP ACTIVITY HOURS: All activities will occur within hours published for each camping event. Other times are quiet times. During quiet times, all groups will remain within their assigned campsites and be considerate of others. This includes the use of audio or A/V equipment that may be heard within other campsites. Do not enter other campsites without the permission of that site's unit leader. Use of camp buildings without permission during quiet times is prohibited. **Quiet time is at 10 p.m. and lights out is at 11 p.m.**

SANITATION: Units are responsible for cleaning all facilities, including latrines and grounds in campsites and in surrounding areas and roadways. Units will take all trash and garbage bags to designated dumpsters. Follow [Leave No Trace](#) principles.

USE OF CAMP BUILDINGS: Camp buildings may be used only as requested and approved on the Camp Use Permit, upon payment of the appropriate building use fee. Any unauthorized use of buildings will result in imposition of the building use fee.

RESONSIBILITY FOR DAMAGE: Units are financially responsible for any damage to their assigned campsite, activity facilities and equipment and for damage caused by their Webelos, parents, and leaders.

ENFORCEMENT: Camp Rangers/Camp Directors will not interfere with group activities except in the case of violation of camp rules, this Code of Conduct, or un-Scout-like behavior. Camp Rangers/Camp Directors will report violations to the group leader, who, in turn, will see that the rules are observed. Camp Rangers/Camp Directors have the authority to expel individuals or units from camp if the conduct warrants. Anyone asked to leave will not receive a refund. Local law enforcement may be notified if necessary.
