

SCOUT SKILLS

SEPTEMBER 11-13, 2026 | WOODRUFF SCOUT CAMP

Scout Skills is an enhanced version of our popular First Year Scout Skills course that opens up the fun learning to all Scouts BSA youth!

We're still excited to offer specific program for new Scouts BSA youth that will give them the basic skills needed to begin their path to Scouting advancement like knife safety, knots & pioneering, orienteering, nature, first aid, and more. We encourage youth who have not participated in a first-year summer camp program to attend, as many of these skills will meet the requirements for Tenderfoot through First Class ranks.

Scouts who have already been through the First Year Scout Skills program have the opportunity to take other merit badges that weekend from our other two skills programs: Trade Skills, and Range and Target Skills.

Cost: \$80 per Scout (includes all program materials, meals, t-shirt, and patch)
\$20 per Adult (includes all meals)
