

WINTER CAMP LEADER'S GUIDE

DECEMBER 27-31

2026

A huge welcome from The Bert Adams Staff!

We are so excited to have you for The Atlanta Area Council's 14th annual Winter Camp experience.

Thank you for choosing Bert Adams Scout Camp! We have an incredible program planned for you this year with updates to the programs you know and love, and a newly expanded STEM area. Troops can enjoy the beauty of the Georgia Piedmont while scouts work on Merit Badges and advancement and Adult Leaders develop their scouter's toolbox with certifications like First Aid/CPR/AED and Wilderness First Aid.

Whether you're joining us as a Troop or as an individual with our provisional scouting program, you'll have access to programs not offered at other times of the year, for example: Plumbing, Automotive Maintenance, Salesmanship, Chemistry, and more! And with the option to choose between camping in our Adventure Camp tents or bringing your own tents to set up in one of our traditional campsites, you'll be able to customize your Winter Camp experience like never before!

Our leadership team is very proud of the Bert Adams Winter Camp staff and can't wait for you to see them in action this December! With the help of several Adult Volunteers, we hope to provide an adventure that your scouts will never forget!

This guide has been produced to provide necessary information to any of your Adult Leaders, whether they are planning the trip or simply along for the ride. It's filled with important information to ensure you feel prepared to have the most successful winter camp experience possible.

Alongside this guide, our leadership team is dedicated to ensuring you have everything you need before, during, and after this event. Please reach out with any questions, concerns or needs and we will be happy to help you.

Yours in Scouting,

Alan Malone

HARD SHELTER

Hard shelter is any building with 4 enclosed walls and a roof. Pavilions are not hard shelters. An example of hard shelter is pictured below.

WEATHER

The Camp Director and Camp Rangers monitor the weather daily and are in constant contact about the weather.
