Earn Merit Badges and learn about conservation.

Conservation and Scouting America have been partners for a long time. Camping, hiking, and respect for the outdoors are a part of the Scouting heritage. Many of the requirements for advancement from Tenderfoot through Eagle Scout rank call for an increasing awareness and understanding of the natural sciences. Many former Scouts have become leaders in conserving our environment and protecting it from abuse. Right now Scouts are involved in learning about environmental problems and actively working to make a difference.
