The Klondike Derby is a day-long competition for Scouts BSA Patrols and Webelos Dens held in mid-Winter as a challenge to preparation and teamwork. This year we'll be running one loop with specific activities for Scouts and Webelos. Some of these activities include,

Fire Building, Hot Rock Carry, Red Snapper,

The Sled Balance Challenge, Sled Inspections, Lashings—Candle Lighting, Merit Badge ID, Animal track ID, Emergency Shelter Building, Land Ski, Klondike Bowling, Winter First Aid, Winter Comas Course,

And many more exciting activities.

Klondike involves challenge stations designed to test the Scouts' knowledge of skills ranging from first aid to problem-solving and everything in between. But the more significant challenge is to dress and prepare for whatever the weather offers. We've successfully held Klondike Derbies in 9-degree temps with a foot of snow on the ground!

** Please bring you mess kits and a can of your favorite soup to add to the lunch soup pot on Saturday **

Enjoy all the fun with Winter activities and scouting fun.
