8. Verify your information, specifically your membership ID and DOB are correct, as you will not be able to register without current Scouting America Registration.

The screenshot shows a mobile application interface for 'Event Registration'. At the top, a red header bar contains a hamburger menu icon on the left and the text 'Event Registration' in the center. Above the header, a status bar displays the time '19:34', a signal strength indicator, the number '0', a battery level indicator, the number '1', and a Wi-Fi icon. Below the header, the main content area has a white background. It starts with a section titled 'Register For TEST - Confirm Your Information' in red text. Below this title is a paragraph of instructional text: 'Before continuing to register, please review your membership and contact information. If you need to make any changes, click 'My Profile' then return to this page after making changes.' This text is followed by a table of user information. The table has two columns: labels on the left and values on the right. The labels are 'Name', 'Scouting Member ID', 'Gender', 'Date Of Birth', 'Chapter', 'Membership Level', 'Primary Email', and 'Primary Phone'. The value for 'Name' is 'Sean Critzman'. The values for all other fields are obscured by a large black rectangular redaction box. At the bottom of the form, there are two buttons: a red 'Continue' button and a dark grey 'Go Back' button.
