Stations!

Philmont

- Orienteering - Use a map and compass to guide your patrol to different locations of the Philmont camp.
- Bear bag throwing – Select “smellables” to add to your bear bag, then hang it properly from a tree limb.
- Blind tent building - You are caught in the middle of a storm and have low visibility. Set up a tent blindfolded while being directed by your patrol leader.
- Last Minute Packer – It’s time to hit the trail, but your stuff is still scattered around camp. You and your buddies need to traverse obstacles to find your gear and move!

Northern Tier

- Gear Trivia - Correctly identify summer and winter gear and remember where you saw it!
- Island Hopping - Your canoe has flipped over and you are stuck on one side of the river. Hop from island to island to get to safety.
- Cold Weather Calamity - While in the middle of a frozen lake someone has been injured and must be administered first aid.
- Magnet Fishing - Oh, no! You have forgotten to bring food on your canoe trip. Catch fish and identify what they are. Be careful, though! They’re not all edible.

Sea Base

- Rain Gutter Regatta - Make a boat using popsicle sticks and other provided material, and sail your treasure to a remote location.
- Flipper Relay - Put on gear, complete a relay, and along the way trade off gear to other patrol members.
- Leaky Boat - Use teamwork to plug those holes!

The Summit

- ATV Race – Your patrol will race an ATV (of sorts) against other patrols.
- Insect Identification – The great outdoors is full of bugs. How much do you know about them?
- Fire Building – A camporee classic! Gather material and build a proper campfire.
