SHOT103 9-10 AM

Days: Mo Tu We Th Fr

Archery

Archery is a fun way for Scouts to exercise minds as well as bodies, developing a steady hand, a good eye, and a disciplined mind. This merit badge can provide a thorough introduction to those who are new to the bow and arrow - but even for the experienced archer, earning the badge can help to increase the understanding and appreciation of archery.

NOTE: Course fees cover the cost of the arrow kit and bow string materials.

Additional Fee: \$6.00

Maximum number of participants: 8

Basketry

Basketry is a handy skill for a Scout. A basket can be a sturdy companion on campouts, carrying clothes snugly and efficiently, holding potatoes and corn for roasting over a campfire, or carrying the day's fishing catch back to camp for dinner. Baskets and basket-weaving projects also make great gifts for family and friends.

NOTE: This class requires an additional fee of \$20 to cover supplies, which includes a basket making kit and additional supplies.

Additional Fee: \$20.00

Bird Study

Birds are among the most fascinating creatures on Earth. Many are beautifully colored. Others are accomplished singers. Many of the most important discoveries about birds and how they live have been made by amateur birders. In pursuing this hobby, a Scout might someday make a valuable contribution to our understanding of the natural world.

Browsea Island Swimming

*This class is recommended for non-swimmers. See classifications below.

Our swimming programs are designed for 3 different level swimmers:

1. Non-swimmers: a Scout who should take instructional swim (Browsea Island is recommended for newer Scouts or Instructional Swim for experienced Scouts that don't have experience in the water).
2. Beginner swimmers: a Scout who can swim and has some kind of experience in the water.
3. Expert swimmers: a Scout who can swim in different conditions, by themselves and without help, can name different swim strokes, can swim long distances without a break, etc.

Ability Groups

All youth and adult participants are designated as swimmers, beginners, or non-swimmers based on swimming ability confirmed by standardized BSA swim classification tests. Each group is assigned a specific swimming area with depths consistent with those abilities. The classification tests must be renewed annually, preferably at the beginning of the season even if the youth has earned the Swimming merit badge.

Anyone who has not completed either the beginner or swimmer tests is classified as a non-swimmer. The non-swimmer area should be no more than waist to chest deep and should be enclosed by physical boundaries such as the shore, a pier, or lines. The enclosed beginner area should contain water of standing depth and may extend to depths just over the head. The swimmer area may be up to 12 feet in depth in clear water and should be defined by floats or other markers.

Beginners pass this test: Jump feet first into water over the head in depth, level off, and swim 25 feet on the surface. Stop, turn sharply, resume swimming, and return to the starting place.

Swimmers pass this test: Jump feet first into water over the head in depth. Level off and swim 75 yards in a strong manner using one or more of the following strokes:

sidestroke, breaststroke, trudgen, or crawl; then swim 25 yards using an easy resting backstroke. The 100 yards must be completed in one swim without stops and must include at least one sharp turn. After completing the swim, rest by floating.

Maximum number of participants: 16

Prerequisites: BSA Swim Test Required. *This class is recommended for non-swimmers.

NOTE: This class is recommended for Scouts who are non-swimmers/learners.

OUT110 9-10 AM

Camping

Camping is one of the best-known methods of the Scouting movement. When he founded the Scouting movement in the early 1900s, Robert Baden-Powell encouraged every Scout to learn the art of living out-of-doors. He believed a young person able to take care of himself while camping would have the confidence to meet life's other challenges, too.

Fish and Wildlife Management

Wildlife management is the science and art of managing the wildlife - both animals and fish - with which we share our planet. Maintaining the proper balance and the dynamics that go with it requires humankind's attention. We use this stewardship tool to help minimize or eradicate the possibility of extinction of any given species. We want our descendants to have the opportunity to experience the same animal diversity that we now enjoy.

Geology, Weather

Geology is the study of Earth. It includes the study of materials that make up Earth, the processes that change it, and the history of how things happened, including human civilization, which depends on natural materials for existence.

Meteorology is the study of Earth's atmosphere and its weather and the ways in which temperature, wind, and moisture act together in the environment. In addition to learning how everyday weather is predicted, Scouts can learn about extreme weather such as thunderstorms, tornadoes, and hurricanes, and how to stay safe.

Public Speaking

A lot happens during the course of every person's life and your ability to communicate your feelings and ideas is the best way to connect to the larger world. Even if you haven't stood at a podium on the stage and find the whole idea scary, sooner or later, someone is going to ask you to get up and say a few words. If you are prepared, it won't be scary. It can even be fun.

OUT128 11-12 PM

Rank: Brownsea Island First Class

Brownsea Island Adventure (BSI) is designed for Scouts who have just joined a troop or have just graduated from Webelos. The program completes most requirements for Tenderfoot and Second Class, and many requirements for First Class. This is a transitional program to help Scouts understand the patrol method, learn basic Scout skills, and experience many of the programs available at Summer Camp.

Program Goals

- To provide a well-organized program based upon the Patrol Method lead by qualified instructors.
- To teach the basic skills necessary to succeed in Scouting and the outdoor program.
- To instill a respect for the Scouting Methods and Ideals found in the Outdoor Code and Scout Law.
- To provide an exciting and memorable summer camp experience.
- Provide the opportunity to participate in Beginner Swimming or earn the Swimming Merit Badge.

Reptile and Amphibian Study

Scouts always have been interested in snakes, turtles, lizards, and alligators, as well as frogs and salamanders. Developing knowledge about these captivating creatures leads to an appreciation for all native wildlife; understanding the life cycle of a reptile or amphibian and keeping one as a pet can be a good introduction to natural history; and knowing about venomous species can help Scouts to be prepared to help in case of an emergency.

Rifle Shooting (Modern Cartridge)

Unless a rifle is handled incorrectly or recklessly, it is not dangerous. A rifle, like any other precision instrument, is manufactured to perform a specific task and can do so at no risk to the user or others. By earning this badge, Scouts can develop their shooting skills while learning safe practices.

Additional Fee: \$5.00

Maximum number of participants: 16

Prerequisites: NOTE: Course fees help offset the cost of ammunition, targets, and gun replacement. Class times: Morning Class 9am-11am. Second Class 11am-noon & 2-3pm.

Rowing

Rowing is the use of oars as a means of propelling boats, which has grown from a basic method of transportation to a competitive sport and an enjoyable method of exercising.

Our swimming programs are designed for 3 different level swimmers:

1. Non-swimmers: a Scout who should take instructional swim (Brownsea Island is

recommended for newer Scouts or Instructional Swim for experienced Scouts that don't have experience in the water).

2. Beginner swimmers: a Scout who can swim and has some kind of experience in the water.

3. Expert swimmers: a Scout who can swim in different conditions, by themselves and without help, can name different swim strokes, can swim long distances without a break, etc.

Ability Groups

All youth and adult participants are designated as swimmers, beginners, or non-swimmers based on swimming ability confirmed by standardized BSA swim classification tests. Each group is assigned a specific swimming area with depths consistent with those abilities. The classification tests must be renewed annually, preferably at the beginning of the season even if the youth has earned the Swimming merit badge.

Anyone who has not completed either the beginner or swimmer tests is classified as a non-swimmer. The non-swimmer area should be no more than waist to chest deep and should be enclosed by physical boundaries such as the shore, a pier, or lines. The enclosed beginner area should contain water of standing depth and may extend to depths just over the head. The swimmer area may be up to 12 feet in depth in clear water and should be defined by floats or other markers.

Beginners pass this test: Jump feet first into water over the head in depth, level off, and swim 25 feet on the surface. Stop, turn sharply, resume swimming, and return to the starting place.

Swimmers pass this test: Jump feet first into water over the head in depth. Level off and swim 75 yards in a strong manner using one or more of the following strokes: sidestroke, breaststroke, trudgen, or crawl; then swim 25 yards using an easy resting backstroke. The 100 yards must be completed in one swim without stops and must include at least one sharp turn. After completing the swim, rest by floating.
