YOUTH PROTECTION EVENT NEEDS

In order to comply with both Purdue University's Youth Protection Guidelines along with our own for Scouting America, we must have 2 adults in every classroom to meet the "two deep" leadership rule.

Our identified instructors will be the FIRST adult but WE NEED A SECOND PARENT/LEADER that is willing to fill a void for us by committing to:

- A) Stay for the duration of the class
- B) Complete the required Youth Protection Training for Purdue and Scouting America if it isn't completed at this time.

Once we log your email into the Purdue Portal you will be sent an email to complete their training. You will get a weekly reminder until it is complete (sorry, we can't turn those off).

If you don't have a current Youth Protection Training/Safeguarding Youth Training for Scouting America, you can go to <http://my.scouting.org> and create an account and then complete the necessary training.

Please forward a copy of the Scouting America completion to Elizabeth.Douglass@Scouting.org. No need to send the Purdue proof of completion, their system will track that for us.

If we can count on you to assist us with this small task: please complete this survey:
