

## Recognition

Although Wood Badge is a training course, not a recognition program, completion of Wood Badge does serve to recognize leadership. Recognition for the successful completion of Wood Badge consists of a parchment certificate, a distinctive Wood Badge neckerchief with a woggle and the Wood Badge (two wooden beads worn on a thong around the neck). The Wood Badge is recognized worldwide as a symbol of practical training and leadership experience. There are two parts to Wood Badge in Scouting America: the practical course and the application period.

### THE PRACTICAL COURSE

This is a weekend outdoor experience where you will live Scouting. Those participating are exposed to the application of leadership and Scouting skills as they are applied in the development of Scouts and Scouters. Through living in a Scouting atmosphere for this period of time, you develop a Scouting spirit and zeal for the program that motivates you to do a better job in the Scouting responsibility you have accepted.

### THE APPLICATION PERIOD

A maximum of eighteen (18) months is allowed between practical experience and final certification. During this period, the Scouters apply what they have learned and are evaluated on their performance. Throughout the application, each person is assigned to a counselor who acts as a resource, an evaluator, and a Scouting friend.

## Uniforms

The Wood Badge course is a uniform activity. The uniform you wear will be the official Class "A" for your registered Scouting position and will include shirt, pants (or shorts), belt, and socks. More information regarding uniforming will be reviewed at the Pre-course Meetings on August 9th, 2026 or August 30, 2026.

## Medicals

While Wood Badge is not a survival course, you will be outdoors with lots of exercise and activity. You must have the current Annual Health & Medical Record parts A, B & C completed before the course.

## Tax Deductions

Participants are authorized to include in their federal income tax deductions the costs of uniforms, transportation, and the course fee. Meal costs away from home overnight are also deductible.

## A Question of Money?

Some dedicated Scouters find the financial obligation of training a true burden. Help is available through several areas. Be sure to check for this support from your unit, sponsoring organization, or even your employer. Payment plans can be set up through the council office.

The Coronado Area Council serves over 1,600 youth in thirty-two counties in northwest and north central Kansas. Remember, every youth deserves a trained leader.

# 2026 APPLICATION FOR WOOD BADGE CST5-192-26

### What is Wood Badge Training?

Wood Badge was originally presented by Lord Baden-Powell as a means of strengthening and preserving the Scouting movement throughout the world. Since its inauguration in the United States in 1948, thousands of Scouters have participated in Wood Badge and have considered it a mountaintop experience in their Scouting careers.

Today, Wood Badge courses provide advanced leadership development. The objective of Wood Badge is to demonstrate in a practical way the "aims and methods" of Scouting and to develop Scout spirit through a program of activities. You will live Scouting and be exposed to the application of leadership and Scouting skills as they are applied in the development of leaders and youth.
