

## What Makes A Trained Leader?

The training for YOU depends on your current role in Scouting. Here is what you need to take in order to be ready for your Scouting position.

### **ALL registered adults must take Youth Protection Training annually.**

Every adult must take Youth Protection Training before submitting an application for registration with the Boy Scouts of America. The certificate of completion for this training must be submitted at the time the application is made and before volunteer service with youth begins. Youth Protection Training must be completed every year to remain registered in Pine Tree Council. Venturing Youth Protection is required for Venturing Leaders and Venturers after they turn 18.

To find out more about the Youth Protection policies of the Boy Scouts of America and how to help Scouting keep your family safe, see the Parent's Guide in any of the Cub Scouting or Boy Scouting handbooks, or [click here to go the National BSA Guide to Youth Protection and Adult Leadership](#).

Many courses are available online through [my.Scouting.org](http://my.Scouting.org).

If you have already taken online training, continue to use the same login and password as you did before. If you are new to online training, you will be asked to create an account.

NOTE: SAVE your login and password! Once you have a BSA registration number you will want to enter it into your online profile. This will ensure online training is recorded in your Scouting record. Only ONE login and password will be able to record to your record, so if you create a new one, your training will not be recorded.

**\*The Scouters in positions below with an \* are required to be 'trained' in order to be registered with a unit at recharter.**
