

2026 York District Pintwood Derby Rules

2026 York District Pintwood Derby Outlaw Rules

No electric or motorized addition to the car.

Kinetic energy cars (elastic propelled) are allowed and they will be in their own category for racing.

No weight limit.

Must keep the following dimensions for the car to run on the track and not interfere with other racers.

The minimum width between wheels shall be 1 and 3/4 inches.

The pre-cut axle locations in the official Pinewood Derby car block should be used. The pre-cut axle locations provide a nominal wheelbase of 4 and 3/8 inches.

The maximum length of the car should not exceed more than 7 inches to be able to fit on the track at the start gate.

The maximum overall width of the car including wheels and axles should not exceed 2 and 3/4 inches.

The minimum clearance between the bottom of the car and the bottom of the wheels should be 3/8 inches.

Awards

The top 3 racers will be recognized in each category.

Best in Show will be recognized for car design.
