Bulletin #1 September 17, 2026

2027 International Camporee Information Sheet
Phillippo Scout Camp
May 14 to 16, 2027

The Northern Star Scouting International Camporee will recreate the atmosphere and activities of a World Jamboree with all its colors, excitement, games, fun and opportunities. This will be one of the most memorable Camporees ever!

- Camporee registration is expected to open on November 1, 2026.
- Cost will be about $25/Scout, $15/Adult (tentative)
- Each Troop and Crew will be assigned a different country to represent. Your unit will make a display about their country, its culture and Scout program which will be part of our Global Village. Other enhancements such as photos, cultural items, clothing, etc. for your display are all encouraged. The more your Scouts put into representing their country, the more fun they'll have!
- Scouts will have the opportunity to visit each other country's display and get their passport stamped.
- Scouts are encouraged to learn some basic phrases in the language of their adopted country and to greet other scouts in their language. Google Translate is a great resource.
- Scouts are encouraged to wear an item of clothing, neckerchief, neckerchief slide, hat or other item identifying their adopted country throughout the day.
- Central to the camporee will be games and activities from around the world. Most of these will be competitions, challenges and contests that you've never seen before.
- The Midway will feature exhibits and displays about how Scouts can become more involved in World Scouting both at home and abroad.
- There will be Radio/Internet connections with Scouts in Mexico, Honduras, Columbia, Peru and Uruguay.
- When registering, please be realistic in estimating the size of your unit because space will be limited and will be allocated accordingly.
