Cub Scouting
Boys and girls in kindergarten through fifth grade can experience the adventure of Cub Scouting. Cub Scouting means "doing" and the program is designed around active involvement. Hands-on activities are used to achieve the aims of Scouting: citizenship training, character development and personal fitness. Many of the activities happen right in the den and pack. (Youth must be at least five years old and have started kindergarten to register.)

Scouts, BSA
Increasing responsibility, leadership experiences, camping, outdoor activities, service projects and a challenging, individualized advancement program mentored by adult volunteers are key elements of Scouting.
