<ul style="list-style-type: none"> <input type="checkbox"/> Regular clothes Come out to camp in regular clothes. Bring a change of socks and underwear. <input type="checkbox"/> Indoor Sleeping Bag <input type="checkbox"/> 2 Pair of Top and Bottom Long Underwear (not cotton) <u>The biggest winter camping mistake is to wear cotton.</u> This is a very important part of a successful winter camping experience. Cotton absorbs moisture and holds it next to the body, which then causes heat to be drawn away very rapidly. <u>Do not bring cotton to wear on trail.</u> <input type="checkbox"/> 2-3 Upper Body Warmth Layers <input type="checkbox"/> These layers should be of non-absorbing fabrics again like wool or polyester. Fleece or wool sweaters or vests are great. <u>Cotton should not be used here either.</u> <input type="checkbox"/> 1-2 Lower Body Warmth Layers <input type="checkbox"/> These layers should be of non-absorbing fabrics again like wool or polyester. Fleece pants are great. <u>Cotton should not be used here either.</u> <input type="checkbox"/> 1 Upper Body Shell Layer <input type="checkbox"/> This could be a standard winter coat or a raincoat. This layer helps keep out moisture and block the wind. If using a raincoat plan to bring an extra warmth layer. <input type="checkbox"/> 1 Plastic Bowl <input type="checkbox"/> 1 Plastic Mug <input type="checkbox"/> 1 Plastic Spoon Metal utensils could stick to your tongue. <input type="checkbox"/> Lip protection/Lip balm <input type="checkbox"/> Sunscreen <input type="checkbox"/> Sunglasses <input type="checkbox"/> Toiletries <input type="checkbox"/> Flashlight or headlamp <input type="checkbox"/> Health History <input type="checkbox"/> Health Screening Checklist <p>Optional</p> <ul style="list-style-type: none"> <input type="checkbox"/> Camera <input type="checkbox"/> Warm Weather Gear: We provide a lot of the warm weather gear, but if you have your own and want to use it feel free.
