Health Forms and Permission Slips:

All participants must complete their health forms and permission slips via our CampDoc system. CampDocs linked to your individual registration through the [“Link to CampDoc”](#) button. If you have not received an email to set up your CampDoc account, please check your Blackpug event registration to ensure you clicked that button and completed the questions within.

Check In:

Upon arrival, individuals and units are to register at the Administration Building – just inside the front gate. During registration you will need to provide a roster with the names of all the individuals participating with your group. This list must match the names listed on your unit or individual registration and all members must have 100% CampDoc completion. Sample rosters are included in this guide. If you need to make changes to your attendance (replace a participant with another) we can do that at check in.

Check Out:

Please check out with a volunteer at the Administration Building prior to leaving the event. We will have patches for participants at this time.

If you stayed overnight, please ensure all trash has been removed from the site and you have left it in the same condition in which you arrived: Leave no trace.

Equipment Drop Off:

Each unit planning to spend the night will be allowed to park an equipment trailer at their site, but all other vehicles must be kept in the designated parking area. Alternatively, one vehicle can transport equipment for the unit, but the vehicle is also moved to the parking lot overnight.

Parking:

We will be parking cars in the main parking lot, overflow cars can use the public beach parking lot.

Camping:

Units are responsible for reserving any site they wish to use for overnight camping.

Site Assignments:

If this is a council run overnight event, site assignments will be made by our staff and will be based on your reservation (number of youth and adults) and the availability of space not being used for the program.

Fires:

Ground fires are only allowed in established fire pits or half barrels. Use of accelerants is strictly forbidden by Scouting America. ABSOLUTELY NO OPEN FLAMES IN TENTS. Fires are to be a minimum of 10 ft away from tents or structures and flames no more than 5 feet.

To prevent the transportation of invasive insects, please do not bring firewood to camp. Firewood is available at camp for your campfires. Ask the campmaster or ranger where to find wood.

Emergency Plan:

If there is a camp-wide emergency, requiring an assembly of all present and an evacuation, we will meet by unit in the Parade Field. We will keep the road exiting camp clear until instructed by incident command to vacate the property. Once instructed, adults will take charge of their units and proceed in an orderly fashion down the road and out to the parking lots.

First Aid:

First Aid Station is in Administration Building. All First Aid needs will be treated at the FA Station as all incidents, no matter how small, need to be recorded.

In the event emergency services are needed, our First Aid Staff will make the call. If there is a minor injury, but needs professional treatment, the closest Hospital is UMass Hospital in Marlborough, and in the event of a serious injury emergency services will be called.
