Unit Renewal Workshop

Even with lots of preparation and time, it's possible to be tripped up with the renewal process. Since we're all getting through this process together, we're holding a workshop to come, complete your unit renewal, and be done with the process.

All unit Key 3 members are encouraged to attend this session to work on or even complete their unit renewal! Snacks and drinks will be provided. Each unit should bring a laptop - there are only limited extras available for units to borrow on a "first-come, first-served" basis.
