Thursday, September 10th, 2026

Designed by Randy Watkins and open since 1999, Patrick Farms is a semi-private club located just off the interstate in Pearl, MS, and 10 minutes from Jackson airport. At 6,900 yards, our 18-hole, par 72 course has wide and well-conditioned Bermuda fairways that inspire long drives and our newly renovated Mini-Verde greens.

The fun, playable course is in excellent condition with generous landing areas and scenic views from four sets of tees. The course has hosted many state championships for men, women and juniors, and is home of the Mississippi Golf Association.
