Coin Collecting and Stamp Collecting

Coin collecting is one of the oldest of all hobbies. Hoards of ancient coins found in excavations indicate that coins were one of the first collectibles. From earliest times, people valued coins not only as a means of trading and storing wealth, but also as miniature works of art.

The world's most popular hobby, stamp collecting is enjoyed by millions throughout the world. Through this hobby, you can experience history: postage stamps are like tiny windows that introduce the people of the world to the country's leaders, customs, history, products, and environment.

Wildland Fire Management (2026 version)

Wildfires cause significant destruction across the U.S. each year, with smoke affecting public health nationwide. Yet fire also plays a beneficial role in many ecosystems, supporting habitats and forest regeneration. Managing this balance between preventing harmful fires and promoting beneficial ones is a growing national challenge. As Scouts, we can help make our homes, camps, and communities more fire-resilient, understand fire's natural role in wildlands, and even explore careers in wildland fire management.

Maximum number of participants: 20
