Who may attend?

For Lions, Tigers, Wolves, Bears, and Webelos, and AOLs – Scouts do not stay overnight.

BSA guidelines state that each Lion and Tiger Cub must have an adult partner with them at camp.

All Scouts must have completed Health and Medical Form, parts A and B, prior to day camp. The medic must be shown these at check-in. Leadership for the pack must retain these and have them available for reference should an incident occur.

Adult leadership is critical to having a great camp experience. The Pack must provide leadership and adult supervision for their Cub Scouts who attend Day Camp, plus provide transportation to and from the camp. Just like all Scouting activities, two deep leadership, must be followed and [Youth Protection Training](#) completed for all adults. This requires **two** registered adult leaders 21 years of age or over. Everyone must complete parts A and B of the [Annual Health and Medical Record](#).

Refund Policy

Refunds are awarded on a case-by-case basis. You may request a refund by contacting the council office at 417-883-1636.
