

Citizenship in the World

Scouts, this is very much a discussion-based review kind of merit badge. Since you didn't carve a neckerchief slide for me to look at, I will listen to your thoughts about these topics and what you discovered through your preparation process. You have covered most of these topics in school. Use this workbook as your guide (you are not turning it in). Look some stuff up and be able to explain it to somebody who hasn't. Feel free to take a deeper dive on the topic of your choice; otherwise I will touch on the following requirements:
