

COVID Screening for TOV 2021

For the health and safety of all in attendance at the event, please take a moment to screen yourself before attending the event.

1. Have you been in close contact, with anyone who has been diagnosed or suspected of COVID-19, in the last 14 days? Close contact includes situations where you:
 - a. have been within 6 feet of for more than 15 minutes over the course of 24 hours someone infected or suspected infected
 - b. had direct physical contact with an infected or suspected infected person,
 - c. shared eating or drinking utensils with someone infected or suspected infected
 - d. were coughed or sneezed on by someone infected or suspected infected
 - e. share a household with anyone infected or suspected infected
 - f. have been notified by public health authorities of any close contact such as at school or work.

2. Today, or in the past 24 hours, have you had one of these symptoms?
 - a. Fever greater than 100.4°. Temperature checks will be performed at the site.
 - b. New or worsening cough
 - c. Shortness of breath
 - d. Influenza like symptoms
 - e. Vomiting or Diarrhea
 - f. New loss of smell, taste, or both
 - g. Unexplained fatigue, muscle aches, or headache
 - h. Sore throat that is different than your seasonal allergies

If you answer yes to any of the above questions, for the safety of all participants and staff, we ask that you remain at home and not come to the event.
