

# BOY SCOUTS OF AMERICA®

## MONTANA COUNCIL

### Food Allergies and Intolerances Form

Allergies and special diets are a common concern of our camp participants. Our food service providers are experienced with accommodating most diets, including food allergies, religious restrictions, and other health-related diets. While we work to meet all dietary requirements, food is prepared in an area with milk, egg, peanut, tree nut, wheat, soy, and fish; and cross contamination can occur.

Upon arrival at camp, and prior to the first meal eaten, it is the participants responsibility to identify themselves to our staff and then cooperate in helping us meet their needs.

Refrigerated spaces are provided for those wishing to bring their own food. NO discount will be provided for individuals not eating from the provided menu.

#### Participant Information

Participant Name: \_\_\_\_\_ Unit #: \_\_\_\_\_ Session Attending: \_\_\_\_\_

#### Food Allergies:

Please describe all Food Allergies that will create dietary restrictions for this participant. Be as specific as possible:

\_\_\_\_\_

#### Food Intolerances:

Please describe all Food Intolerances that will create dietary restrictions for this participant. Be as specific as possible:

\_\_\_\_\_

- What are the participant's preferred food substitutions, if any (i.e. soy butter for peanut butter, gluten-free breads, soy milk)? \_\_\_\_\_
- What types of contact will cause a reaction?  Airborne  Trace Cross Contact  Actual Ingestion  
Please Explain: \_\_\_\_\_
- Does the participant understand the food allergy and what needs to be done to manage it?  
\_\_\_Yes \_\_\_No Please Explain: \_\_\_\_\_
- Is there any other information you would like to share to help us meet this participants needs? \_\_\_\_\_

**This form should be submitted to the camp four weeks prior to check in.**

*The Boy Scouts of America, Montana Council makes every attempt to identify ingredients that may cause allergic reactions for those with food allergies. Every effort is made to instruct our food production staff on the severity of food allergies. However there is always a risk of contamination. Participants with food allergies need to be aware of all of the risks. Food production staff will not assume any liability for adverse reactions to food consumed, or items one may come into contact with while eating.*

*By signing this I am certifying I understand the disclaimers contained in this form and I verify the information provided is correct and true.*
