

2026 NYLT Senior Patrol Leaders

Female Troop

Hi! My name is Sydney Vavra and I am the female senior patrol leader for the 2026 Cornhusker Council National Youth Leadership Training. I am an Eagle Scout who is dedicated to teach and lead the youth about important skills to last them a lifetime. I will use motivation and integrity to motivate this course and be the best possible program there can be.

Male Troop

I am Tyler Florell, I attend the Science Focus Program as a senior in high school. I have been part of scouts since I was a Tiger cub in my Den. When I was old enough, I decided to go to NYLT which is something I have done every year since I first went through. After all this time in scouting I am an Eagle Scout and a Brotherhood member of OA. As I have been a part of NYLT for so long I have had many opportunities to learn from NYLT. After I first went through NYLT I learned how I am supposed to lead. After each year of NYLT through staffing I could actually feel myself becoming a better leader and someone who was better at public speaking. This is what made me truly understand why it is said that NYLT is not over when you complete the course because each year that you staff you are able to learn just as much and even put what you learned to the test.
