

REVISED FLYER - ATTENTION ALL PIONEER DISTRICT PACKS!

PIONEER DISTRICT IS HOLDING A WEBELOS/AOL KLONDIKE EVENT.

This is a great opportunity for your Webelos and AOL Scouts to work as a patrol and demonstrate their Scout skills. Patrols should be 4 to 7 Scouts, **and a sled is not required**. All skill requirements are defined and readily accessible as on flyer. So, start preparing your scouts now. All are Webelos or Arrow of Light skills/information, and all scouts will participate in all stations regardless of their rank. They will be expected to know this skills/information as new Scouts once they Bridge over so the event will give them a head start.

Please note the "**Event Conditions Preparedness**" station on the information sheet. Dressing properly for a day out in the elements is critical. That is why it is a graded station. The two key areas are layering and footwear. Layers can be added or taken off as the weather or activity level changes throughout the day, and the footwear should be waterproof and warm. And don't forget the hat! The stations will supply all necessary skills materials so boys only need to bring the items listed for this station and they should pack a lunch. **And of course they should bring their Scout Spirit. All stations give bonus points for Scout Spirit!!!!**

Please register your patrols online. **Cost of this event is \$20.00/Scout** and will include an event patch. Your boys will build confidence as Scouts and also have a great time. **And to reinforce that "A SCOUT IS KIND & HELPFUL", each participant will bring 5 cans of food and a pair of socks to be donated to local food banks and shelters.** Helping our less fortunate neighbors is what Scouting is all about. **Having Fun + Being Kind + Being Helpful = One Great Day.**

For more information contact Dan Turano, 908-591-2893, turanmkd@comcast.net.

Please volunteer your Pack to help staff one of the four Adventure stations. An event staffer will be at each station to work with the volunteers. The more volunteers, the faster we can run patrols through.
